## Potential rink purchase sparks enthusiasm and anger

Special Town Meeting set for Dec. 4

WILMINGTON - Ristuccia Arena continues to be an issue fraught with controversy, but not without a show, of support and enthusiasm from the town, and a major point of discussion, is the acquisition of the Elinor M. Ristuccia Arena.

Concerns were raised at the September 22nd Board of Selectman Meeting when the subject of the Investment in Youth Foundation, Inc. was addressed. The Board had requested infor-

mation from the group and called an executive session for the purpose of discussing collective bargaining issues with no response.

Town Manager Jeffrey Hull made a request to Natalie Hoppel, attorney for the Investment in Youth Foundation for documentation that would outline the non-profit's conflict of interest policies. Ms. Hoppel finally did respond by letter directing Mr. Hull to two websites assuring him that all pertinent documentation could be found there. In turn, Ms. Hoppel requested information from Wilmington Conservation Commission's Minutes and other documents since 1984 through 2000, including correspon-

dence from John and Bernie Ristuccia and James Gillis.

Manager Hull looked on the website, and found it lacking in information that he had been told should have been available for public record, but answers were not readily available.

Selectman Michael Newhouse told the board, "We will inform the [IYF] of what we do have."

Town Manager Hull said that the Town Clerk is in the process of establishing cost of records to be copied prior to providing information to

WILMINGTON  
Wednesday afternoon an alleged wallet thief was apprehended by Wilmington police officers, including K9 Ridic.

At 11:52 AM police received a call from a gas station attendant at Jimmy's Gas Station, 945 Main

Street, reporting that a woman was shouting that a man stole a wallet out of her car. A Facebook report from the Wilmington Police Department noted that the elderly female victim called the station as well. The suspect was last seen running into the woods.

Lt. Daniel Murray told the Town Crier that police set up a perimeter and Officer Eric Palmer and K9 Ridic began tracking the suspect through the woods across the street from the gas station.

In short order, officers apprehended William Davis, 44, of Woburn, on Border Ave. Murray said Davis was taken into custody without incident. Ridic was able to recover the wallet.

Davis was charged with larceny from a person over 65 and on the basis of an outstanding warrant.

WILMINGTON- On Tuesday night, the Wilmington Education Fund board members met to see presentations from grant recipients who have benefited from the WEF in the past year. The purpose of the meeting was to see what progress the grant projects had made since receiving their funds, and to understand the benefits that the projects would have for Wilmington students.

"We look for their passion in what they're doing, whether in the curriculum or exploration grant," said WEF president Leslee Quick. "And how they plan on taking what they're doing

need attention. While the district has shown progress in a number of areas, there are still subjects and subgroups which have not experienced similar progress. At last Wednesday's committee meeting, Superintendent Mary DeLai recommitted the program to making sure

## Yentile project still in 'concept stage'

Resident's voice questions, concerns

By LISA KENNEDY-COX  
News Correspondent  
Lisa@YourTownCrier.com

WILMINGTON - Details for Wilmington's Yentile Farm project are still being worked out while the project itself remains contained in a conceptualized vision. At the Middle School in Wilmington, existing conditions and the latest proposed concept plan were discussed at Yentile Farm's third and last Design Workshop where residents were given the opportunity to voice ideas and opinions.

The Yentile Farm project, which started in 2013, involves 20 acres of land surrounded by Cross St., Lowell St. and Main St. The project, with an initial cost estimated at \$6 million, has at this point been revised down to \$4.5 million with the focus now on 8.9 acres.

Matt Savage asked about the possibility of an ice arena on the old Yentile Farm property. Shootingstarspix.com

The Yentile Farm Development Committee, which is led by Chairman of the Board of Selectmen, Judith O'Connell and design consultant Waterfield Design Group, continues to work through concept design while trying to refine the plan to provide a cost model more attractive to the community.

Recent changes have been made, in order to further enhance the 'bigger picture.' Residents had questions

mostly around previously proposed items, including a dog park, a skating rink and community gardens.

Resident Matt Savage, who had attended the project's initial meeting, wanted to know why the rink idea had been eliminated citing the public controversy around the Ristuccia Arena and the Investment in Youth Foundation (a non-profit that manages the ice time for local youth skating programs). Chairman O'Connell, said she understands that though people would like to see a rink on the site, there would be maintenance, plowing and safety issues taking the rink off the table entirely. She explained that they were looking at other options, such as Silver Lake, and said that the town is still working on the Ristuccia Arena issue.

## Pumpkin Fair = Family Fun

BY SHARON ADELMAN CROWLEY  
Crier Correspondent  
Sharon@YourTownCrier.com

WILMINGTON -Fun, food, family and friends - that's what you can expect this Saturday, October 18, at the 37th annual Pumpkin Fair - a community favorite held at the Woburn Street School.

Sponsored by the Northside Parent Advisory Council, the Pumpkin Fair is the largest fundraiser benefitting the Woburn Street School and North Intermediate School.

There will be plenty of events for friends and family to enjoy this Saturday: face painting, football toss, hockey shoots, crafts, pony rides, petting zoo, inflatable obstacle course, pumpkin decorating and pumpkin games.

"We will be featuring over 100 raffles, including an iPad mini and a 2014 American Girl Doll," said Kristie Crampton Cavanaugh, PAC Co-Chair.

New this year: you can take pictures with Willy the Wildcat or step inside a photo booth and create a few fall memories.

There will be pizza, hot dogs, cotton candy, popcorn, and a bake sale.

Based on attendance from previous years, between 500 - 1000 people will be expected. "We are prepared for it. It will be a really busy day," said Maureen Carr, first year PAC member, who co-chairs alongside Crampton Cavanaugh. "We encourage friends and family to come have fun at the fair and support our schools."

Proceeds allow the Woburn Street

and North Intermediate to host enrichment events as well as purchase much needed items for classrooms such as calculators, computer equipment, gym equipment and supplies for art, reading, geography and science.

The Northside PAC thanks their board members, pumpkin fair committee members and many generous local sponsors for their support.

The Pumpkin Fair will be held this Saturday, October 18, from 9 - 3 at the Woburn Street School, 227 Woburn Street. Parking is available along the main lot at the school. Activities will be held inside and outside the school. Events are ticket-based and there are also items available for cash sale.

## Candidate Statement

## Doug Sears for State Representative

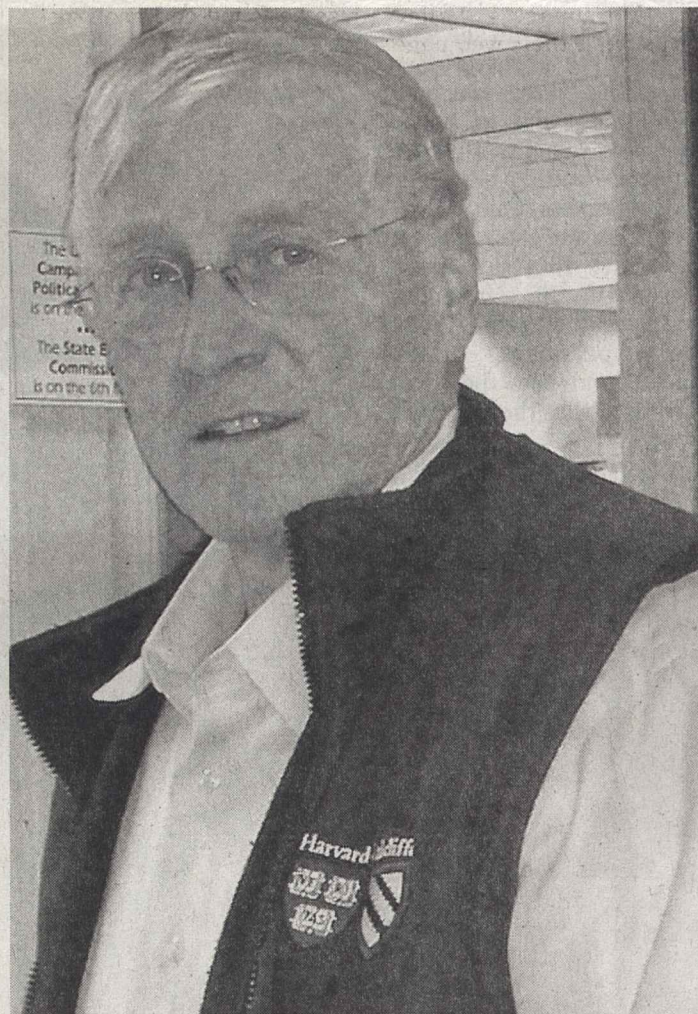

You have an Alternative. We have an opportunity to Retire One Party Rule. On November 4 Wilmington and Tewksbury can elect Republican Douglas Sears as our communities' State Representative on Beacon Hill. It's Time!

## DOUG'S GOALS:

1. Continue our towns' tradition of strong constituent services;
2. Represent our towns on Beacon Hill by supporting local boards without meddling in town politics;
3. Cut the Red Tape that strangles small businesses;
4. Decrease welfare and increase tax base by training qualified welfare recipients as paid childcare workers enabling other recipients to become taxpayers in working Massachusetts families; and,
5. Stand with Charlie Baker to eliminate waste, and to return our Massachusetts tax dollars as increased local aid.

## Positions:

Doug is fiscally conservative and socially moderate. Fiscally, Doug supports voter ID, photos on EBT cards, state income tax rate's return to 5%, our citizens' 2nd amendment rights to bear arms, and to return as local aid the \$270,000,000 + the Legislature spends on "free care" for out-of-staters and for illegal aliens. Doug will work diligently to get our Legislature to increase local aid to help our towns manage escalating public employee health care, retirement and post-retirement benefits. Socially, Doug believes abortion should be legal, safe, and rare. Single-sex marriage is state law.

**Question 1:** Doug recognizes that Commonwealth's infrastructure is in urgent need of repair - to include repaving Rte 38 and eliminating Rte 62 Glen Rd. / Wildwood Rd. "death trap" - however, a "Yes" vote requires the Legislature to vote on the gas tax annually. Why can't Legislators vote annually on all taxes for transparency's sake?

**Question 2:** Expansion of the Beverage Container Law, another indexed measure, shows a lack of faith in curbside recycling. It would unduly burden businesses with new processing costs for recyclables that are likely to be passed on to consumers while decreasing revenue our towns receive through curbside recycling. Doug votes "No."

**Question 3:** The "Casino Bill" passed by Gov. Patrick and his Legislature was a construction stimulus bill masquerading as a gambling bill. The Incumbent's vote for it gambles jobs produced outweigh the down-

side of known ills from gaming, industry-wide over-saturation, and no guarantee that promises made to the Commonwealth's communities can be kept. Although we need jobs, Doug believes Mass. casinos would soon tank like those in Atlantic City and elsewhere. Vote "Yes" on Repeal so we can beef up our State's Lottery and distribute more of the Local Aid our communities richly deserve.

**Question 4:** Paid sick leave should be a courtesy, not a benefit. Small businesses are burdened by enough red tape already. They do not need another state mandate that increases the cost of doing business. "No."

**Education:** Harvard College B.A. Harvard Divinity School, M. Div. Boston State College, M. Ed. Suffolk University Law School, J.D. Admitted: Massachusetts Bar, June 10, 1987

**Also:** Federal District Court; United States Court of Appeals; Supreme Court

of USA

**Employment:** Attorney, Private Practice: 1445 Main Street, Tewksbury, MA 01887  
**Commonwealth of Massachusetts, Deputy Director, Division of Dispute Resolution, Department of Industrial Accidents:** 20 years

**Malden Catholic High School -Teacher of English & Latin - 8 years**  
**Public Service:** School Committee (2 terms), Selectman (3 terms), Tewksbury State Hospital Trustee (12 years)

**Family:** Wife: Suzanne - Married 38 years; Rebecca 25 - Art Instructor; Douglas Jr. 23 - RN

## Why Doug Wants to be Our Representative:

Doug's professional and personal life is one of public service. He's a licensed professional in teaching, ministry and law. He's served local elected offices for 15 years, and worked as an executive in a state agency for 20 years helping those injured on the job. He's spent 14 years teaching in public and private secondary schools. Whereas the incumbent's goal is to become the longest serving House member, when elected Doug will serve a maximum of two terms, then step aside so others in 19th Middlesex can build on the cooperative relationship between Town Boards and the Legislature that he seeks to renew for the citizens of Tewksbury and Wilmington.

The pivotal question on Nov. 4th: do memories of a past "good job" determine the best direction for our towns' future? For his 52 years of service, the Incumbent deserves all the honor and respect our communities can give. As a constituent, Doug respects the Incumbent's long service, and he agrees with those that tell him the time for the Incumbent to retire passed long ago.

Doug Sears asks you humbly for your vote on November 4th to be our State Representative.

**AN END-OF-YEAR MATCH FOR YOUR 401(k)?**

When do you get the employer match for your 401(k) or other workplace retirement account contributions? In most cases, the employer match is deposited at the same time your contribution comes out of your salary. This year, one employer (AOL) attempted to change that arrangement. It wanted to wait until the end of the year and then deposit any match all at once. Any employees who left the company during the year—by their own choice or by layoff—would not get anything, not even a prorated match. Everyone subject to that rule would lose retirement money in the long run.

The company clumsily attributed the change to the expensive medical care needed by the children of a few employees. This caused such an uproar that the year-end change was dropped.

But several companies do have an end-of-year rule and, in fact, employers can and do make changes in benefits at will. How are your retirement savings holding up? Let us help you determine what you need at

## Concert series announced

## Sarah DJ Carter Committee welcomes SoundScape and Treblesome

WILMINGTON - "We look forward to the concert each year," and "We wouldn't miss it!"

These are comments shared by concertgoers last October at the middle school auditorium. Annually, the Sarah DJ Carter Committee presents free entertainment in the form of music or lecture, and has done so since its inception in 1910.

Five committee members, all town appointed Wilmington residents, strive to find unique venues to educate, enlighten, and entertain participants and guests. While there is no charge to attend, there may be CDs available for purchase during intermission. This helps to offset expenses for the performers, who offer their talent at a reduced or nominal fee.

Sarah DJ Carter was a woman with foresight. In 1907 she envisioned the community she lived in to have equal access to quality cultural programming, regardless of their ability to pay admission. By leaving her savings to the town with a request for yearly programming, she has given back many times over, and given to many an evening to enjoy and remember.

This October 17th at 7 pm, Committee members are proud to present two quartets, SoundScape and Treblesome. Both of these groups are members of the larger Merrimack Valley Chorus. The MVC, based in Wilmington, is an award-winning chorus that performs throughout the greater Boston area and southern New Hampshire. Founded in 1975, they are a nonprofit organization dedicated to educating women in the art of singing four-part cappella harmony. The 50+ singers in their chorus also belong to Sweet Adeline's International, the largest nonprofit women's musical association in the world.

SoundScape has enjoyed singing together and sharing the magic of four-part harmony since 2007. Favorite performances include musical education workshops, SoundStage Independent Music Series and caroling at Rockingham Park Mall. While they do sing traditional barbershop songs, they also seek out unique a cappella music that provides a bridge between pop and

Treblesome has been singing together since 2005. They combine an eclectic musical repertoire with an arsenal of jokes, effectively sharing their love of performing with a wide variety of audiences.

### Question 3 Gamble of a question

I'm not a huge fan of casinos. I don't see them as a must have or a guiding light to save this state's budget woes (nothing will be as long as we try to spend everything we have, plus 50%). Proposed by Governor Patrick, and passed by the legislature, in 2011, the Expanded Gaming Act established rules to allow three 'destination' casinos and one slots parlor. Fast-forward three years, and we have one destination casino slated for Springfield, one slated for Everett, and a slots parlor under construction in Plainville (by a company that originally wanted to be in Tewksbury).

I really feel for the communities that have approved casinos and are waiting for the construction jobs to start up, waiting for the permanent jobs to come. Springfield and Everett need new economic development. They need opportunity to grow and increase local receipts.

Certainly the state stands to gain beaucoup bucks (about \$400M annually) through the tax revenue generated by the new casinos as well: possibly the biggest incentive for Beacon Hill to pass the law in the first place shortly after the Great Recession.

Most people who read this column from time to time know I'm not a fan of 'big' government, which is to say, typically I think some things work better in the hands of the private sector and taxpayer dollars shouldn't be spent to fund weighty bureaucracies and political pork. This 'gaming' law inflated the bureaucracy substantially.

Further, and as predicted by the (sometimes sanctimonious) casino opponents, we have already seen examples of graft and corruption with the recent indictments of three owners of the waterfront land that Wynn Resorts plans to develop into a \$1.6B casino in Everett.

The Weekly Standard ran an excellent piece calling for a Yes vote on Question three, pointing out the reasons why conservatives should repeal the casino mess. Among those reasons is the strong support from Gov. Patrick and gubernatorial candidate Martha Coakley.

Patrick was criticized for carpet-bagging his way into the Massachusetts executive office and making casinos his number one way to fill empty coffers (and don't forget how much he likes to balance the budget out of the rainy day fund).

Coakley, on the other hand, argued against Question three even making it to the ballot. Her argument that the question, if passed, would result in a 'taking', such that any law that limited a state contract or future earnings by a company would also constitute a 'taking.' The Supreme Judicial Court voted unanimously against her (7-0) and wrote, "We reject this distinction and this departure from common sense."

Casino companies funnel millions of dollars into 527-type organizations, which can fund campaigns without disclosing donor lists, contributing to democrats and republicans alike. By getting politicians elected, casino firms have also managed to see casinos expanded to 38 states.

In Atlantic City four out of 12 were recently closed. Trump Plaza, the Revel, the Showboat, and the Atlantic Club closed in part because expanded gaming in Maryland, New York, and eastern Pennsylvania brought 40 new rival casinos into the region. With so many gaming options offered across a relatively small geographic region, is it any wonder why these casinos are shuttered?

With casinos in Connecticut, and likely one coming for New Hampshire, can our Massachusetts casinos succeed where others have failed? The Trump Plaza may have been in a state of active decline for several years, but the Revel cost \$2.4B to build and opened in 2012. The Revel, recently made even more famous by the Ray Rice beating his then-girlfriend episode, was what the Wynn casino is supposed to be like - a glamorous, destination casino and resort. Eh, not to so much, it turns out.

Ultimately, I'm not going to make an out and out recommendation about Question 3. I'm torn. Initially I was offended that this ballot initiative was something of a Johnny-come-lately, and I strongly support new businesses and new initiatives. However, seeing as how efforts were floated to repeal it immediately after its passage, that the Governor, the Speaker of the House (who wanted it to revive Suffolk Downs, which also failed for multiple reasons), and the Attorney General worked hard to keep the law unchallenged, well, now I've got second thoughts too.

### A vote for Miceli

Dear Editor,  
I am supporting Jim Miceli for re-election as our State Representative.

On state issues, like taxes, Jim has consistently voted as most of us would like.

On town issues, like the new high school, Jim has effectively lobbied for state support for our capital projects.

And on personal issues, when we need help with the

state bureaucracy, Jim has always been quick with assistance.

Please join me in voting for Jim Miceli for State Representative on Tuesday, November 4.

Thank you,  
Jay Kelley  
Tewksbury, MA

### A vote for Vispoli

To the Editor:  
According to the 2010 Census, seniors (60 and over) are the fastest growing segment of our population. Many are property owners, whose real estate taxes contribute to a stable tax base for our municipalities. Many are also volunteers; their donated hours provide services to residents at no cost to taxpayers.

The aging of the Baby Boomers will have a significant social and economic impact on our communities. Issues regarding transportation, housing and elder care will need to be addressed, and quickly, to adequately

meet our seniors' needs. Alex Vispoli understands the challenges facing the elder population as their numbers increase. Slowing down tax increases and providing essential services will be essential. He's the only candidate who understands the significant economic consequences of this shift in population growth, and as a State senator, he will be a tireless advocate for seniors. Please join me in supporting Alex on November 4th.

Sincerely,  
Ann Grecoe  
Andover, MA

### A vote for Miceli

Dear Editor,  
I am writing to express my support for Representative Jim Miceli and to ask my friends and community members to join me in voting for him in the upcoming election.

Recently, someone described Representative Miceli as a "streetlight politician". I had never heard this term before and asked what it meant. The explanation to me was that if there was a streetlight out on your street and you happened to mention it to Representative Miceli, it would be fixed within a few days and you wouldn't necessarily know it was him who took care of it. Clearly, Representative Miceli handles larger matters for our community than a streetlight but, no matter how large or small the issue, it is his passion and perseverance that shows his sincere desire to continue to improve our community in any way that he can.

As court appointed attorneys, my husband and I are greatly affected by budgetary issues such as the timely approval of supplemental funds, etc. Representative

Miceli has been a consistent support to us in helping to get these legislative matters processed so that we can continue working and supporting our family. He doesn't just say that he will help, he spends the time actually working the issue until it can be satisfactorily resolved. He takes the time to talk with us and I am always amazed that he will not only remember my husband and me if we see him in the community, whether it be at Market Basket or church, he will remember the work that we do and ask how we are doing. He doesn't do this because he is a politician, he does this because he is a genuinely caring human being.

Representative Miceli truly cares for our children, our families and our community and we could not ask for a better Representative to continue to do just that - represent us at the state level and continue to support our great community.

Please join me in voting for Representative Miceli.

## L'Italien receives major endorsements

### Lawrence Mayor Dan Rivera and Congresswoman Niki Tsongas

LAWRENCE – State Senate candidate Barbara L'Italien received the endorsements last week of Lawrence Mayor Dan Rivera and Congresswoman Niki Tsongas, two prominent Merrimack Valley elected officials.

L'Italien was joined by the Congresswoman, the Mayor, Representative Marcos Devers, and Lawrence City Council President Modesto Maldonado, among many others, to rally support for her campaign and energize voters in Lawrence.

"Barbara is strong voice for the working families of Lawrence," said Mayor Rivera. "She supported me during my campaigns for City Council and Mayor, and I am excited to be supporting her today as she campaigns for the State Senate. As a mom to four kids, she knows how important it is to keep

our streets safe for our children and protect our senior citizens. Barbara knows how to get the job done and will be a great addition to our leadership team."

Congresswoman Tsongas also spoke about Barbara's dedication to her community and her commitment to public service. "Barbara is a champion for public education and an experienced leader who knows what it takes to bring quality jobs to our region. I know we can count on her to work hard on behalf of working families. She will bring her passionate voice to the State Senate and I am pleased to support her."

Barbara spoke briefly before the leaders departed to knock on doors together in Lawrence. "I am honored to receive the endorsement of Mayor Rivera, Congresswoman Tsongas, and so many Lawrence lead-

ers today. I can't wait to be a part of this terrific team that will work tirelessly to revitalize Lawrence and enhance the community for future generations. As a life-long resident of the Merrimack Valley, and the mother of four children, I am committed to ensuring that kids here grow up in safe neighborhoods, that high quality public education is available for all, and that good jobs are created in the city and throughout the district."

Election day is Tuesday, November 4th. Barbara is running for the Senate in the Second Essex and Middlesex District to represent Andover, Dracut, Lawrence and Tewksbury. You can learn more about Barbara L'Italien and her campaign by visiting [www.teambarbara.com](http://www.teambarbara.com).

## Friendship Lodge offering one-day open house to learn about Freemasons

Members of Friendship Lodge comprised largely of Wilmington residents belonging to a society dedicated to the principle of "making good men better" by providing opportunities for fellowship, charity, education, and leadership, while creating friendship and understanding between men without regard to nationality, religion, race, background, or opinion.

The Lodge will offer coffee and pastries in the morning and a free of charge cookout starting at noon. Please stop by to enjoy a complimentary meal, tour our

building, meet some Freemasons and learn more about our historic fraternity.

The event is a one-day open house which will take place at 32 Church Street in Wilmington on Saturday, October 18th from 9am-3pm, all to raise awareness of 'Who the Freemasons Are and What They Do'.

Freemasons trace their history back to the stonemason guilds that built Europe's cathedrals and castles. Organized in Massachusetts over 275 years ago, they have been an integral part of our nation's history. Benjamin Franklin,

George Washington, Thurgood Marshall, and John Glenn are among the many famous men who joined the organization before achieving the greatness they are recognized for. Countless other men have made their communities a better place through selfless giving of their time and money.

North American Freemasons donate more than \$3,000,000 every day to charity; more than 70 percent benefiting the general public.

### A vote for Gordon

Residents of Wilmington's Precinct Three,

On November 4th I ask that you vote for Representative Kenneth I. Gordon, and allow Ken the opportunity to continue to serve you as your State Representative. It is often overlooked that two State Representatives have a voice for Wilmington in The General Court of Massachusetts. Every resident of our Commonwealth is equally represented in The Massachusetts House of Representatives, "The Peoples House", and here in Wilmington we have the distinct honor of being represented by two men who are stalwarts for their constituents, Representative Kenneth I. Gordon and Representative James R. Miceli.

I had the privilege of working as the legislative aide to Ken Gordon during his first term as the State Representative for Wilmington's Precinct Three. While Wilmington is but a small portion of his overall constituency, with Burlington and Bedford being the larger portion thereof, Ken never looks at it that way. Constituents of Burlington, Bedford and Wilmington's Precinct Three are treated equally, and Ken is always available for all of his constituents - no matter their geographic location.

Ken can be seen in the Wilmington community, as he makes every effort to immerse himself in all of the communities he represents. He has held regular office hours at town hall or the library, and I have been to a few. If you have been at events around town, you have undoubtedly noticed Ken Gordon. Whether it was the ground breaking ceremony for the new Wilmington High School, participating with the much-lauded Local Heroes organization, or countless other

events including our Memorial Day celebrations, Ken Gordon has been here, and will continue to be here if given the opportunity to continue to represent Wilmington's Precinct Three.

On Beacon Hill, Ken has been a champion for his constituents. Ken helped draft a key portion of the unemployment insurance reform bill that gives most small businesses a break in their premiums to help fund increased wages to low-paid workers, and he led the bi-partisan fight for Uniform Wage Compliance, a new law that gives minimum wage workers the same rights as everyone else to enforce unpaid claims and protects small business from competitors who pay their workers under the table. Ken sponsored legislation that passed with bi-partisan support, adding transparency to reimbursements by public insurers for mental health. Ken does not talk about what should be done, he actually gets it done; his track record proves as much.

As a voting resident of Wilmington's Precinct Three, I wholeheartedly endorse Ken Gordon. On November 4, 2014 I will be driving over to the Wildwood School to cast my vote in the statewide election; under the section entitled "Representative in General Court" I will be filling in the circle corresponding with Representative Kenneth I. Gordon, and I ask that you do the same.

Thank You,  
Robert G. Peterson Jr.  
Wilmington

### Arena charitable website

In response to last week's "Headscratcher of the week" I decided to do a little digging regarding the [www.investmentinyouth.org](http://www.investmentinyouth.org) site. Regarding the site content itself, it is essentially one static page of text with one link to a static document. It seems the domain was originally reserved 4/17/2010 and was only recently "updated" on 8/1/2014. That sure is interesting timing!

Additionally, I was curious to see what the site looked like in previous years when the large costs for web development were incurred in the amount of \$11,550. Using some web archiving tools that provide snapshots of websites at random (but specific) points in time, I was able to find four snapshots of the [www.investmentinyouth.org](http://www.investmentinyouth.org) site. They occurred 7/21/2011, 6/9/2013, 1/10/2014, and 5/17/2014. Interestingly, all of these snapshots have no content and when accessed, they simply redirect the viewer to the current site.

Being in the "IT business" for more than 15 years now, in my opinion this site was never developed to the extent of legitimately costing over \$11,000. In fact, I think it is unlikely that the site was even setup before August 1st. If I am wrong, and the page had actually been set up, especially with something more robust and professionally developed, wouldn't it be re-deployed when the site was made available again 8/1/2014?

### Arena website designer

Here is the answer to the question in last week's paper. According to the City of Portland Revenue Bureau, Justin M. Reidy is doing business as Razor Sharp Design LLC, 17 SE 50th Ave, Portland, OR 97215-1117. The Corporation Division of the Oregon Secretary of State indicates that the business was registered on March 23, 2012, and the only member listed is Justin Reidy. The Business Activity is stated to be "web application design and development", but I cannot find any website for this business. I found a blog for this business, but I couldn't find a website that demonstrates and offers services. I've never heard of a website design company that doesn't have such a website. Weird.

wetlands vital to downstream water quality.

The public is invited to comment on this rule proposal until Oct. 20, and public input will help us reach a stronger final rule. We encourage you to watch this video to see how much the Clean Water Act has meant to Boston and its economy.

In New England, we are proud to live in a regional of the country where state and federal laws combine to protect our waterways so they can play an important part in create a safer, cleaner and more economically robust region. And we hope you will agree that the new rules are important so that communities across the nation enjoy the health and economic benefits of clean water.

### Guest Op-Ed

## Protect Clean Water

By Curt Spalding

Two decades ago, Boston Harbor was widely considered the dirtiest harbor in America. Sewage and pollution from local industry made it unsafe to fish or swim in the harbor or the Charles River. But the Clean Water Act, passed in 1972 did what it was intended to do and spurred a cleanup that has made Boston Harbor one of the most visited places in New England, and one of the top spots for recreation.

We know that clean water is central to public health. But we also have seen that clean waterways are critical to our region's economy. Our communities, schools, businesses, and farms need clean water to survive and thrive. A cleaner Boston Harbor has increased the value of local property, encouraged more shipping, and created more jobs. In 2012, more than 50,000 jobs in Boston were tied to port activity - from cargo and seafood processing to cruises and harbor tours.

Over the decades we have learned that the Clean Water Act isn't just an environmental success, it's an economic triumph. By protecting New England's waterways, by cleaning our water resources, we have also succeeded in expanding the region's economy.

New England is blessed with a diversity of lakes, ponds, rivers, streams, wetlands, and some of the most beautiful coastal marshes and beaches in the country. Protecting New England's waters with the Clean Water Act helps preserve this region's natural heritage and is vital to our health, safety, and quality of life. New England's headwater streams and wetlands are both

ecologically sensitive and particularly valuable, providing clear, cold water that support a diverse variety of aquatic life and wildlife. It is vital to protect our headwaters in order to also protect the downstream lakes, ponds and streams that provide drinking water. About half of New England's population depends upon these water sources for drinking water. Many of the largest drinking water systems in New England use these surface water supplies to provide water, including the systems serving Boston, Hartford, Nashua, Providence, Burlington and Portland.

Across New England, state wetland laws have ensured that all of our waterways, including wetlands and streams, are protected from pollution. Unfortunately, the same is not true across the nation. Nearly two-thirds of our nation's streams and millions of acres of wetlands still don't have clear protection from pollution under the Clean Water Act.

To be sure that lakes and rivers across the country remain clean - and realize the economic growth clean water brings - the headwaters upstream must also remain healthy. A recent survey found that four out of five small business owners across the country favor including small streams and headwaters in federal clean water protections, because every business in America needs clean water to thrive.

To address this issue, EPA and the Army Corps of Engineers in March proposed that a new rule be written into the Clean Water Act that specifically would protect those streams and

## Let's Talk About Hearing

by Lolly Wigall

### Breast Cancer and Hearing Loss

Anyone who watches football knows that it is Breast Cancer Awareness month. It is so wonderful that a men's team sport is trying to raise awareness for a primarily woman's disease. Breast cancer affects both men and women. Treatments for breast cancer have improved. Drug therapy has changed and improved.

Cancer in general seems to be on the rise. It is touching almost every family. Most people are related to or know someone with this dreaded disease. Treatments for most cancers have also improved over time.

Drugs that can treat cancer can also cause hearing loss. In the cochlea, there are tiny hair cells. These tiny hair cells move with the sound waves and send the signal to the brain for interpretation. These hair cells are sensitive to loud sounds, blood flow and drugs. Drugs that can cause damage are ototoxic. If the drug treatment causes the patient's hair to fall out, the hair cells in the inner ear may be affected to. Most people are trying their best to fight the disease and try to keep up their strength during this trying

time. Most do not realize that the inner hair cells may also be affected by the drugs.

One protocol that could be established is to have a baseline hearing test prior to treatment. Once any hair begins to fall out, the hearing test should be repeated to monitor any changes that may be occurring. Having periodic hearing tests can alert the patient and the family to possible permanent hearing loss that may be occurring during treatments to fight the cancer.

Between 10% and 30% of patients who are treated for cancer report some hearing loss following treatment. It is a difficult call between cancer treatment and hearing loss. Hearing loss affects a person's ability to hear and communicate with their family and friends. Hearing loss may include dizziness and tinnitus or ringing in the ears.

If you have had treatments for cancer and never had a hearing test, it is not too late. Talk to your primary care physician and ask for a referral to an audiologist. There are medications other than those used for cancer treatments that can cause hearing loss.

Local STEM makerspace now open

BY SHARON ADELMAN CROWLEY  
Crier Correspondent  
Sharon@Yourtowncrier.com

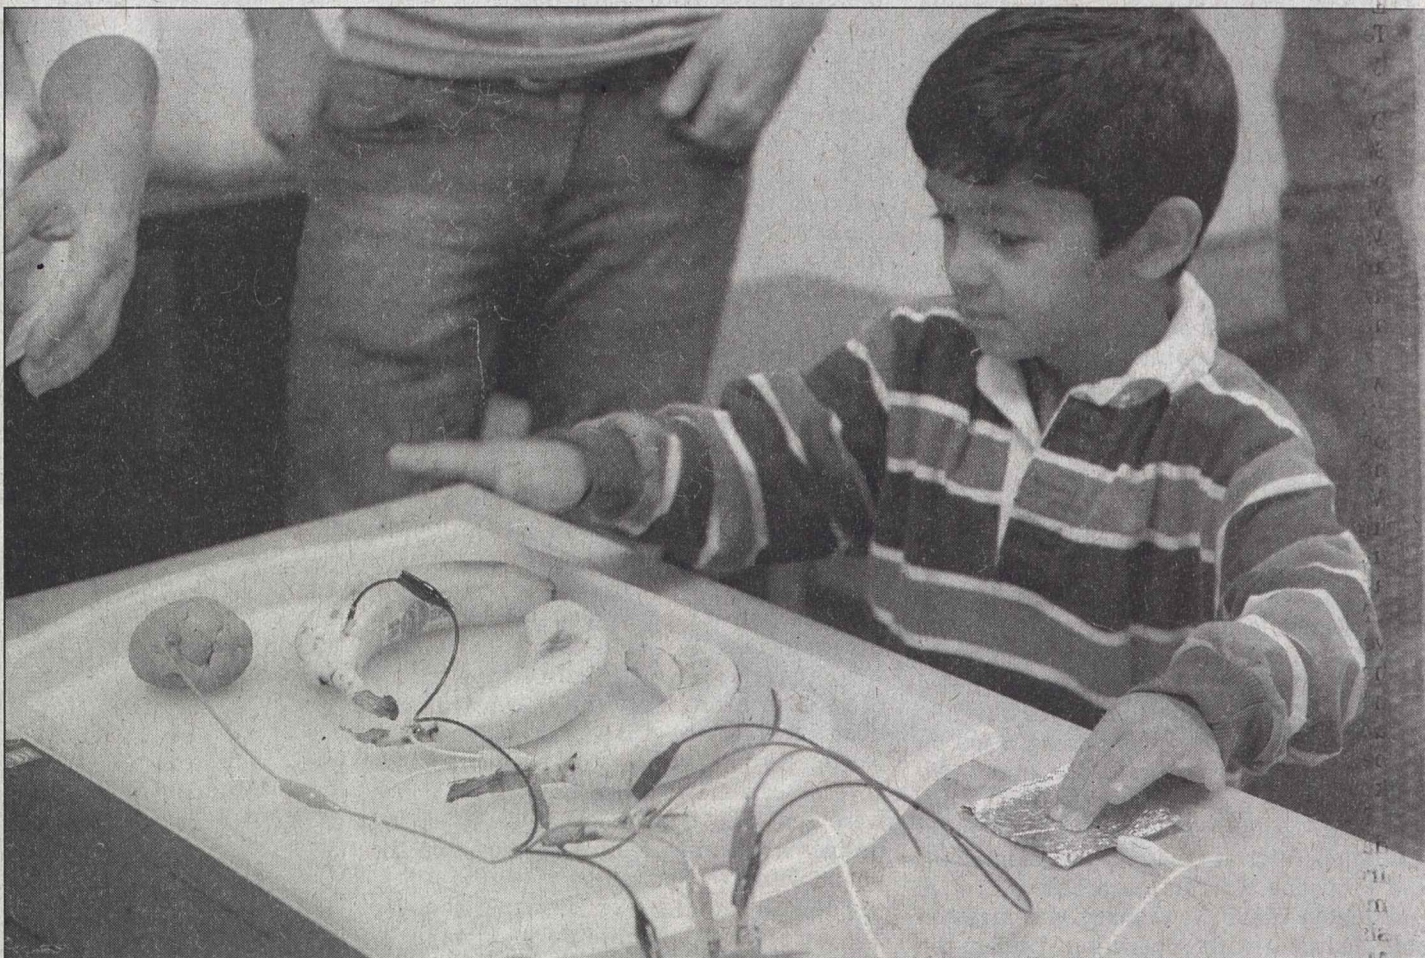

Searching for a little enrichment for your kids? There's a new and exciting way for them to discover creative pursuits in North Andover. The Maker Mill, a community makerspace for kids, teens and parents, opened its doors Saturday, October 4, 2014.

Housed in the building formerly owned by Schneider Electric, the Maker Mill is a 3,000- square-foot space filled with tables of blocks (Legos, K'Nex, Kapla), arts and crafts, STEM-related tools and building kits with pulleys, cams, cranks, gears and much, much more.

STEM, an acronym for Science, Technology, Engineering and Math, is curriculum introduced to schools in response to the United States' need to stay competitive in these fields.

At the Maker Mill, children are playing, yet at the same time learning and making connections to STEM concepts through hands-on experience: problem solving, experimenting, designing, creating, and gathering evidence.

For Maker Mill founder and chief maker, Hollie Baggs, it means creativity through exploration with technology

Children of all ages couldn't wait for a turn to play the banana piano. Pictured here is Aleksander Ragucci making somewhat sweet music on this unusual piano. Courtesy photo

Andover. Based on the projects they liked, Baggs began working with Legos, LED lights, robots and all things with moving parts. "The kids loved it and loved using their hands to learn as opposed to discussion. They wanted to touch and feel objects and then have a finished project they could show off and be proud of when they were done."

Baggs has a combined 13 years of experience in product development, marketing, customer service and technical support. Her husband Timothy works for Microsoft and is both Co-founder and Technical Fellow at Maker Mill. Both put time and research into this project, attending Maker Faires, festivals and museums for insight and innovation.

For example a visit to a museum in Phoenix inspired a giant magnetic wall with PVC which kids can use like a puzzle.

"We wanted to go above and beyond," Baggs said of the STEM offerings, which includes 3D printers. "Our middle and high schools have them - we wanted kids to use them at a younger age."

But the Maker Mill isn't just for the young. A computer lab for coding, building apps and game development; an electronics and circuits lab; video and production lab; laser cutter; CNC machine and various workshops are for older children and teens alike.

"We've had a great response so far," Baggs said of the turnout for the October 4 grand opening.

Partner and mini maker director Kelly Gallant said the Geoboard - a wooden peg board with nails - was a big hit during the grand opening with the older kids, who stretched elastic around the nails to create objects. "One kid even wrote 'Maker Mill' with elastic," she said.

Children also loved the 3D printers. They learned how to use a Tinkercad program, design pumpkins then print them. "The parents loved playing as much as the kids," said Gallant. "They loved how excited their kids were - how they could hold the creation in their hands and take it home with them."

Younger children enjoyed the wind tunnel. Some used balloons and others used parachutes they made with recycled materials - fastening plastic bags to cups and empty water bottles. "They were asked to fill their clips then find out how much weight their parachutes could support and still fly," Gallant said.

Gallant has a background in early childhood education. "I was a respiratory therapist before this with technical support and training, so I was always exposed to technology."

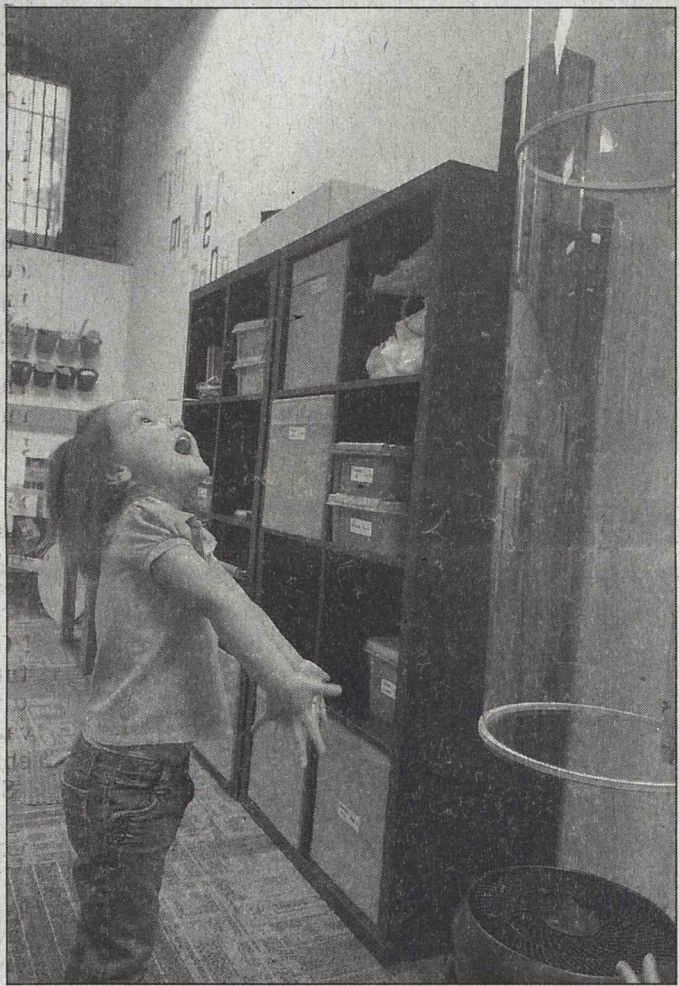

The Maker Mill offers workshops for students and teachers in K-12 on electronics, coding, robotics, wearables and e-textiles. Teachers can also bring their classes for exploration field trips.

There are opportunities for mentors or interns, ages 13 and up, and workshop fellows - adults who have an expertise in a particular field.

The Maker Mill is open to the public and located at 4 High Street, Suite 128 in North Andover.

Hours: Monday thru Friday from 2:00 p.m. to 7:00 p.m.; Saturday 10:00 a.m. to 7:00 p.m.; and Sunday 12:00 p.m. to 4:00 p.m. Also, there is a Mini-Maker Day Program Monday thru Friday from 9:00 a.m. to 12:00 p.m.

For more information on drop-ins, drop-offs, workshops and more, visit <http://www.themakermill.com>

## DiVecchia celebrates 30-years with Cummings Properties

Wilmington resident Gino DiVecchia has never called in sick to work, not once, which is pretty impressive given that he just reached his 30-year anniversary with Woburn commercial real estate firm Cummings Properties as a regular full-time employee.

On September 25, DiVecchia celebrated at a lunch held in his honor at Strega Prime Italian Steakhouse at TradeCenter 128.

DiVecchia joins 13 colleagues in the 44-year-old firm's "30 Year Club." Per company tradition, he invited 10 colleagues to his luncheon, including Cummings Properties founder Bill Cummings and two managers. Collectively, the 11 people at the table have been with the company for 286 years.

DiVecchia's journey with Cummings Properties actually began back in 1978, when he was a high school student.

Working part-time on the grounds crew, he showed an aptitude for masonry and carpentry. After college, he left for a while to pursue a career in accounting, but quickly realized his passion was working with his hands.

DiVecchia returned to Cummings in 1984 and has built a reputation as a jack-of-all-trades over the years, doing carpentry, paving, roofing, duct work, and "whatever it took to get a job done," according to Greg Ahearn, vice president of field operations at Cummings.

"Gino's first roofing job was Tower Office Park. It was so windy, he had to sit on the roofing metal as he worked to keep it from blowing away," Ahearn recalled with a chuckle.

Visible from the junction of I-93 and I-95, many Wilmington residents know Tower Office Park by the huge

red bow that adorns it during the holiday season. Cummings Properties also manages two large business campuses in Wilmington, on Concord Street and also on Fordham Road.

DiVecchia, a self-proclaimed MacGyver—the 1980s television secret agent known for his ability to fix anything with anything—loves that his job offers him something new each day.

"I like what I do, especially carpentry, and I like coming to work knowing that each day will be a little different. It's stable employment with a good company and good people," he said.

DiVecchia and his wife, Barbara, have called Wilmington home since 1991. They spend much of their downtime at their Newton, New Hampshire lake house, enjoying boating and kayaking.

## Old Sturbridge Village announces events

Historians at Old Sturbridge Village are expanding their celebration of early New England harvest traditions with two new events: an Oct. 16 appearance by food editor Susie Middleton, author of *Fresh from the Farm: A Year of Recipes and Stories*; and a "From Field to Table" weekend featuring local foods, harvest activities and ox plowing and driving matches set for Oct. 18-19. Details: 800-733-1830; www.osv.org.

Also, longtime editor of *Fine Cooking* magazine and now an editor-at-large, Susie Middleton is the author of the recently published *Fresh from the Farm: A Year of Recipes and Stories*. Her previous cookbooks include *Fast, Fresh, & Green* and *The Fresh & Green Table*. She gives recipe tips on WGBH Radio, writes the popular "sixburnersue.com" blog, and contributes to the *Huffington Post*. An advocate for sustainable

agriculture, Middleton operates a small farm on Martha's Vineyard.

At her Oct. 16 talk at Old Sturbridge Village, Middleton will highlight the preparation of seasonal local vegetables, many harvested from the Village's gardens. Admission is \$15 per person (\$13 for OSV Members). Doors open at 6:00 p.m., a cash bar will be available, and Middleton will sign books prior to her talk at 7:00 p.m.

Finally, "From Field to Table" Weekend October 18-19 Highlights of "From Field to Table Weekend" include a Parade of Oxen, an ox driving competition, and a plowing match between up to a dozen local teamsters and their oxen.

Visitors can also try their hands at plowing with the Village oxen, help thresh rye and harvest corn, potatoes, and mangel wurzels, an heirloom vegetable popular with early New England farmers.

OSV's ox-powered Cider Mill will be in action, and beekeepers will demonstrate extracting honey.

Old Sturbridge Village historians will demonstrate a variety of ways to prepare and preserve and fruits and vegetables and will offer tours of the root cellar and the Village orchards. www.TewksburyFuneralHome.com

The Golden Rule has always guided the owners and staff at Tewksbury Funeral Home. Caring for and guiding the family of a loved one who has passed is the most important part of our service.

A family of service minded people intent on helping the community in many ways, the Deputat family has helped charter and is a member of several civic organizations in Tewksbury.

When one visits the funeral home one is steeped in the town's history. The building was built over a century ago and has been in the family well over half that time. Lovingly restored and improved by hand by Walter Deputat, the facility is designed to accommodate large and small gatherings, all in the comfort of our up-to-date building.

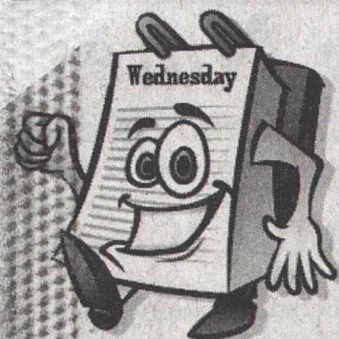

We invite families to contact us in time of need or for preplanning. We are dedicated to providing the very best facilities, a full range of merchandise, and the finest funeral services at a reasonable cost.

We are committed to serving Tewksbury and the surrounding towns with compassionate services at a cost that only a family owned provider can offer.

Our goal is to not only to meet, but to exceed, our client expectations.

### Author Talk: Regina Calcaterra (Etched in Sand) (RR)

Thursday, Oct. 23, 7 pm  
Regina Calcaterra's memoir, *Etched in Sand*, is an inspiring and triumphant coming-of-age story. Three weeks after its release *Etched in Sand* debuted on the New York Times Best Seller list. Regina Calcaterra is an attorney working for the State of New York. Her painful early life, however, was quite different. Regina and her four siblings survived an abusive and painful childhood only to find themselves faced with the challenges of the foster-care system and intermittent homelessness in the shadows of Manhattan and the Hamptons. The middle of five children, Regina, and her siblings were born to the same mentally ill mother but all different fathers.

Pat and Casey excel on the soccer fields

## McFall siblings lift up each other, teams

By JAMIE POTE  
Sports Editor

jamiepote@hotmail.com

The oldest one is a vital part of the team's defensive stand which includes giving up just 10 goals in 13 games including posting eight shutouts.

The youngest one is a vital part of the team's offensive juggernaut, which includes scoring 3 goals and adding 6 assists, figuring in 33 percent of the team's goals this year.

The two of them make up the two children in the McFall Family. They are a year apart, not twins but Irish Twins if you will. If you ask Pat and Casey, they are like every other brother-and-sister in the world, but if you watch them on the soccer fields, they are really two very good, yet very different kinds of players.

"He's a good brother and he's a good kid," said Casey, a junior striker on the WHS Girls Soccer team. "We always joke around and even though we fight a lot, I still love him."

Casey is gifted offensively. She's fast, she has skill but oh boy is she tenacious. Just ask older brother about that.

"She's one of a kind definitely," said Pat the senior defender from the WHS Boys Soccer team. "She's goofy and she loves to have fun. She does have her struggles. And she can take something that bothers her just a little bit and she can get angry, frustrated and can go on for a half hour just talking about that one topic. But she's actually a really good sister."

So whether they fight over normal smaller teenage stuff, or one carries on much longer than she probably needs too, two things are for certain about the McFalls - they have a strong bond with each other, and they both can play the game of soccer.

"We love having Casey on our team for many reasons," said girls coach Sue Hendee. "Off the field she is funny, happy, and loves being a part of our team. She knows how to balance when to have fun with hard work and when she is on the field, she is all business. We rely on her to do a lot of things, and she has really come through this year. She leads the team in assists and is a major threat offensively with her speed and tough play. She also contributes a lot defensively whether it's pestering the defenders trying to win the ball back or making full field runs marking the outside back."

"Casey is in constant motion and is one of the hardest working girls on the team. Her work ethic, positive attitude, and team-oriented play have earned her the respect of her teammates and coaching staff alike."

Last year as a sophomore McFall emerged on the scene in three sports, with indoor and outdoor track the others, but she netted ten goals helping the Wildcats finish with the most wins in regular season and overall, with its first ever Division 2 North Sectional Championship trophy and its first ever Division 2 state finalist trophy after losing to Notre Dame of Hingham in the state title game on penalty kicks.

"Last year's run was) was really exciting," she said. "It was really sad to lose (in the state final) and I feel like we should have won, but getting there was pretty awesome. The seniors were really good at making everyone feel comfortable. I felt comfortable a few weeks into the season and I loved being a part of the team."

This year Casey has nine points helping the Lady Wildcats to a 9-0-4 record thus far. The team has five regular season games left

and they would like nothing better than to finish unbeaten, something no other team in school history has done (last year's team finished with one regular season loss).

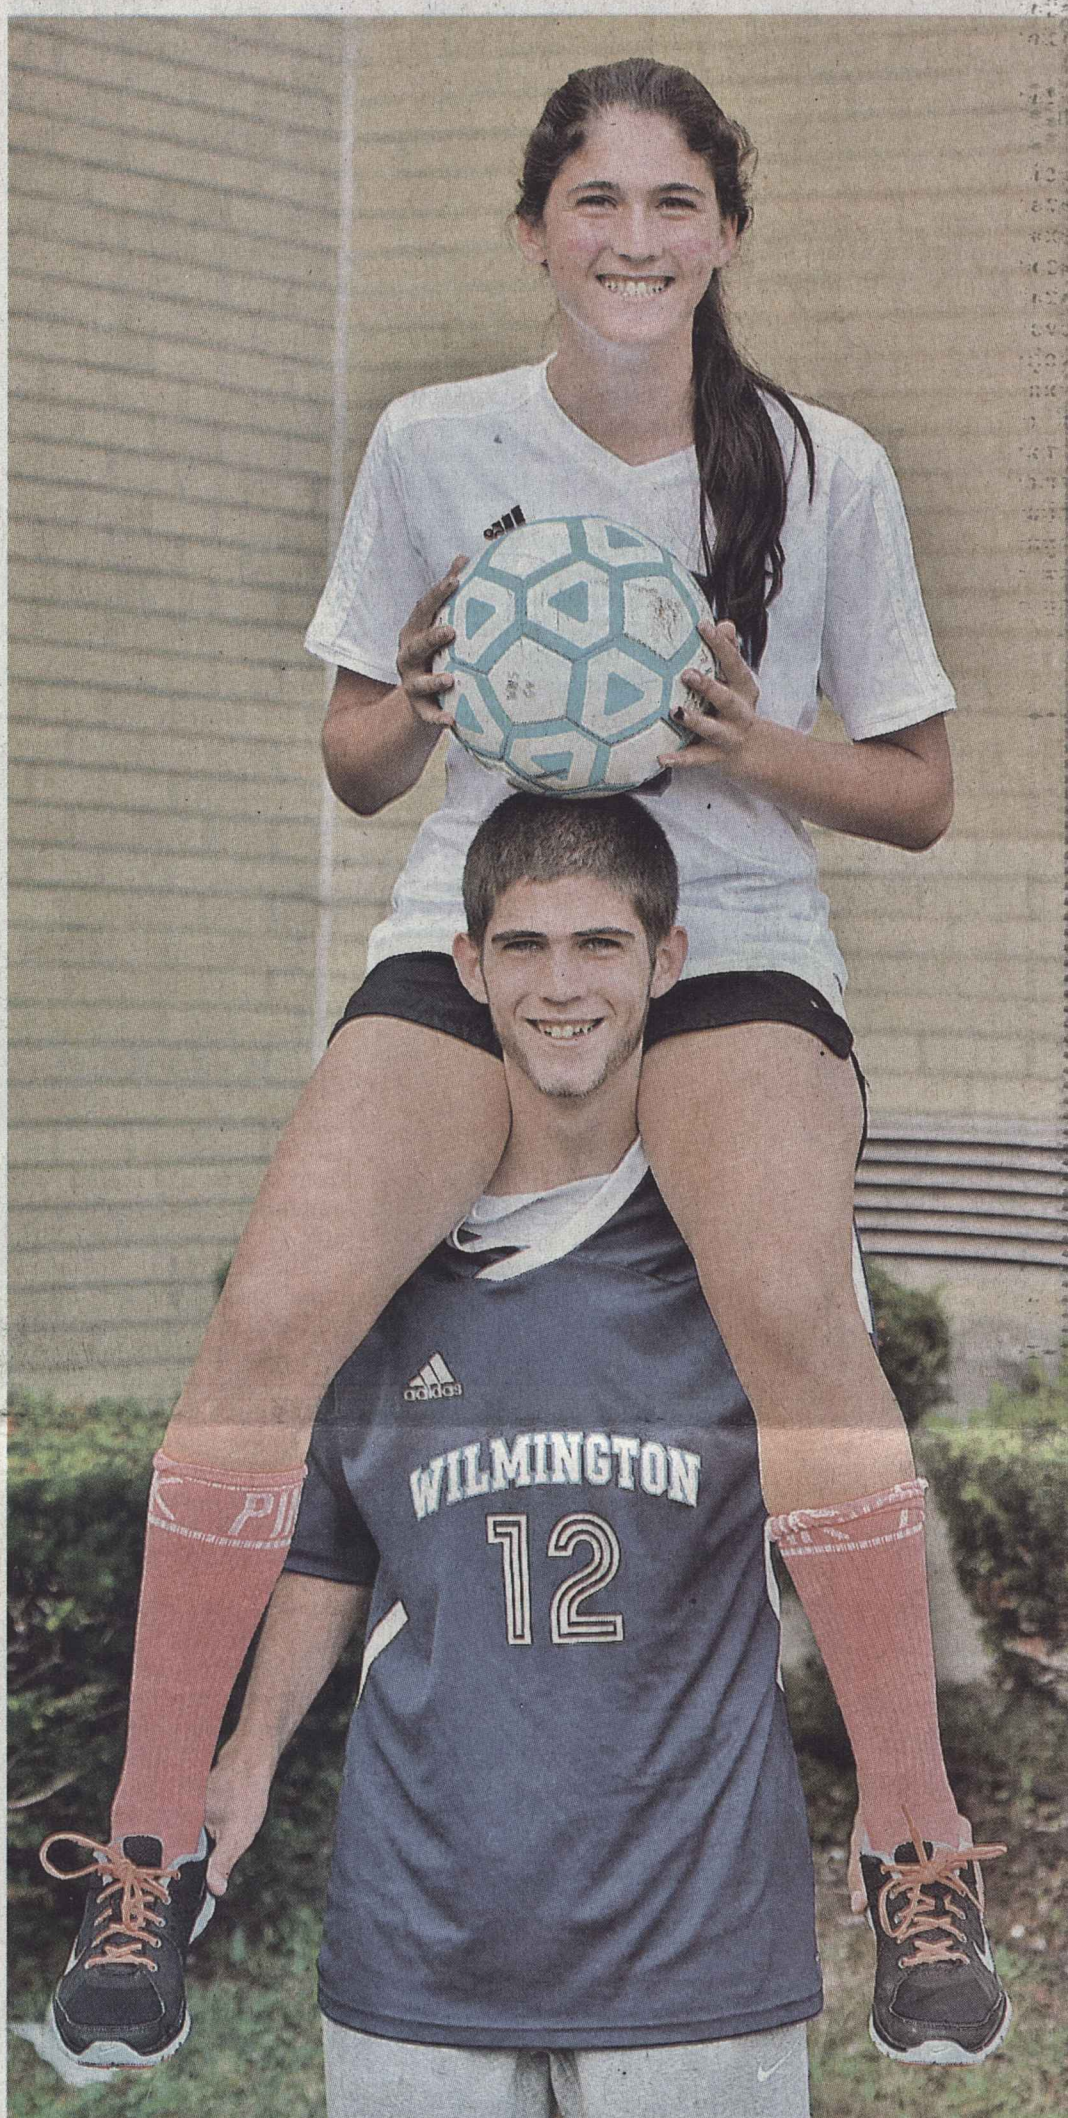

"Oh yeah (we want to stay unbeaten)," she said. "Since we have gone through the first half of the season unbeaten, we want to finish strong. It would be really cool if we can do it."

The Boys team started off very strong which was a big surprise considering the team lost its entire starting line-up from last year. Pat has been a part of the team for several years and played a lot in the back last year and has logged every minute of every game this season. Thus far the team is 6-2-5 overall, including four straight ties.

"We have hit a little bump in the road," he said. "We're having a little problem on offense, but defense we have been perfectly fine. I expected us actually to win a bit more. Our competition is definitely good with the big towns we're facing so I'm not surprised (with our record). A good portion of the team I have played with almost my whole life so we're used to each other so I know what we are made of and what we can do."

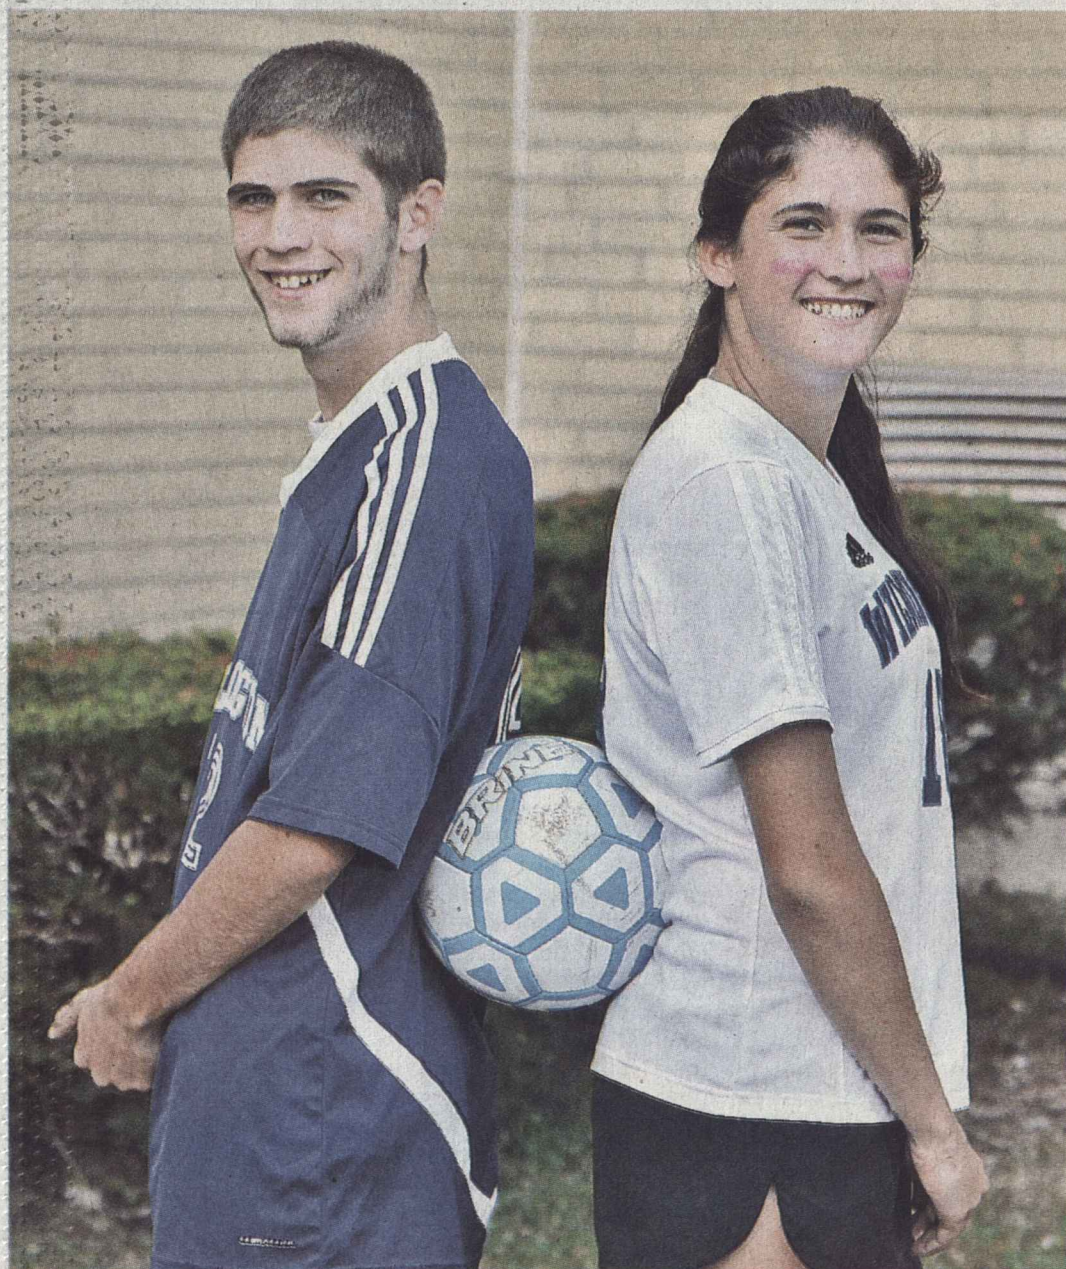

Hoping the offense does come around, the defense has been incredible this season, led by the likes of Pat and Evan Raffi. The two of them and a host of others have been a huge strength in front of keeper Ryan Horgan, including giving up just 10 goals and posting 8 shutouts - after losing all of its starters from last year.

"Pat is a real effective defender," said coach Steve Scanlon. "He has played multiple positions for us in the back over the last few years. He has good skills, he has real good soccer IQ, he knows

Brother and sister Pat (bottom) and Casey McFall have fun together joking around, while they also have helped both the Boys and Girls Soccer teams this season. Pat is a senior defender on the Boys team, and Casey is a junior striker on the Girls team.

the game and he loves to play it. He has been a real bright light for us this year and I think he's a potential league all-star. He has played every minute of every game, he takes our free kicks and he can drive the ball from the corner and he can also get distance. "We can pull him up to midfield when we need too. He uses both feet, he makes good decisions and he's just a real good all-around soccer player."

Pat said that he did try

try other sports, including wrestling his freshman year, but soccer always stuck.

"It's a big part of my life," he said about the sport. "I think I was just built for the game with my speed, my aggression and just overall my love for the game it just suits me. It's not like football where you are getting pounded on everyday but soccer is just my kind of game. I don't know how to explain it."

The thing he can explain

and Casey for that matter, is they both not only have a love for the game of soccer, but they are very close siblings who despite their small petty fights, love each other, and enjoy watching the other succeed. They have done it their whole lives together.

"We always played sports together growing up," said Casey. "We'd play anything - tag or anything we could think of or make up we'd do together."

# Local flavor helps Merrimack Football top Bentley Falcons

By **BRENDAN FOLEY**  
Sports Correspondent

BrendanMFoley@Outlook.com

**WALTHAM**- Making the transition from high school to college level football can be an arduous experience for even the most gifted of athletes.

But on the Merrimack College roster, several Wilmington locals have proven that they can make the transition from one level and compete with the best on the gridiron.

Chief among these illustrious alumni is Mike Gennetti, currently in his tenth year on the Merrimack College coaching staff, where he works as the Associate Head Coach and Defensive coordinator.

Gennetti's skills were in fine form on Saturday, when the Merrimack College Warriors successfully came from behind to triumph over Bentley College. Merrimack snatched the lead in the second quarter, then managed to stave off the Bentley offense to win the game with a final score of 28-25.

"Coming back after two

they fought and battled their way back. They worked hard all week and all credit goes to them."

Gennetti was a four-year starter at Worcester State as a defensive back, and captained the team as a senior in 2002. He finished sixth in the nation for interceptions in 2000, and in 2003 was gifted the Senior Male Athlete of the Year Award. And that came after a terrific career at WHS.

With his extensive history as both player and coach, Gennetti long ago came to understand the important principle which allows athletes to succeed in football, regardless of the level of play.

"It's all about accountability," Gennetti said. "Coming from high school, it's not as sophisticated, so we have to break them out of their habits and teach them what they have to do play-in and play-out. The big thing is making them accountable to the team and their piece fitting into the puzzle for each call."

For junior Scott Layton

them both quickly when they arrived at Merrimack.

"The coaches back you up," Layton said. "If you mess up once, they support you and help you up. If you keep messing up, then it's on you."

Layton is a 6-0, 275-pound defensive lineman. He has played in two games this season making five tackles. The previous two years he has combined to play in six games. This comes after a stellar career at Malden Catholic where he was a two-time league all-star.

Hurley is a 6-foot-5, 280-pound offensive lineman. He came to Merrimack as a tight end and after hitting the weight room extensively, he was switched to a lineman and was part of last year's group which was among the best in the country.

"You can't just go out there and hit the guy in front of you," Hurley said. "You have to use technique and work on your craft every day."

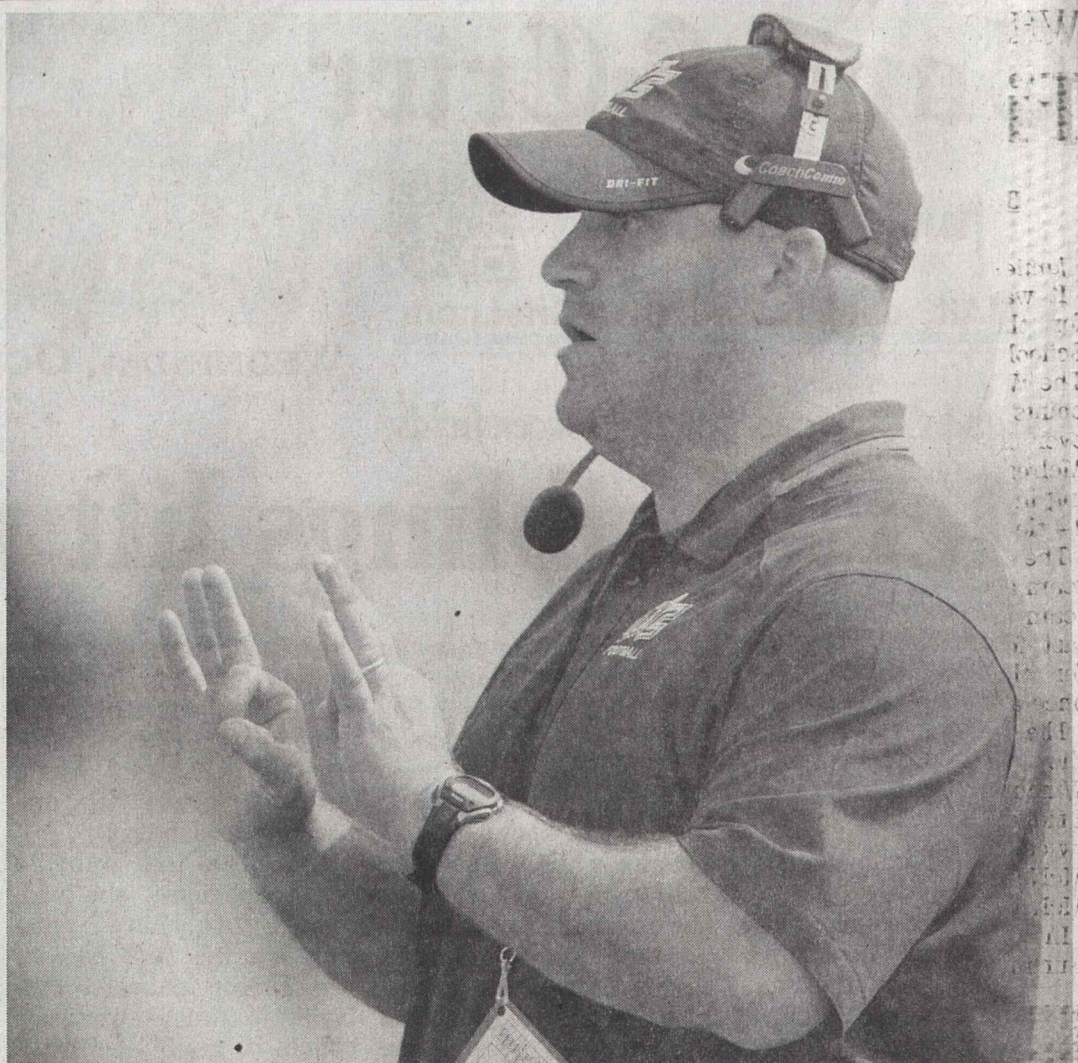

While Hurley is currently out with a torn ACL, the lessons and values of the football program have made a major impression that carries over far from the gridiron.

"Time management is a big thing and football really helped with that," Hurley said. "You're surprised by all the things you carry over from sports, like seeing how much hard work really pays off."

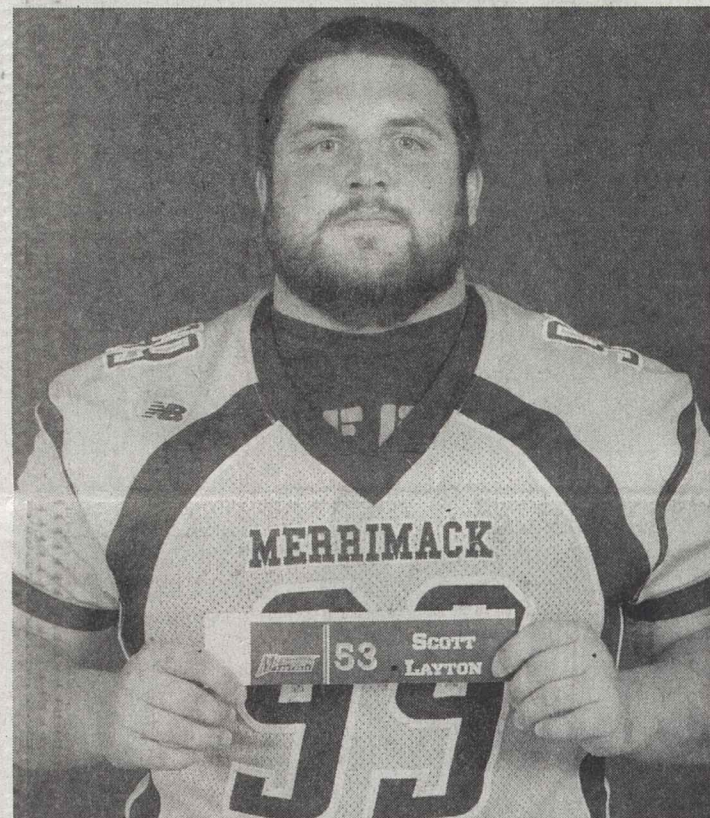

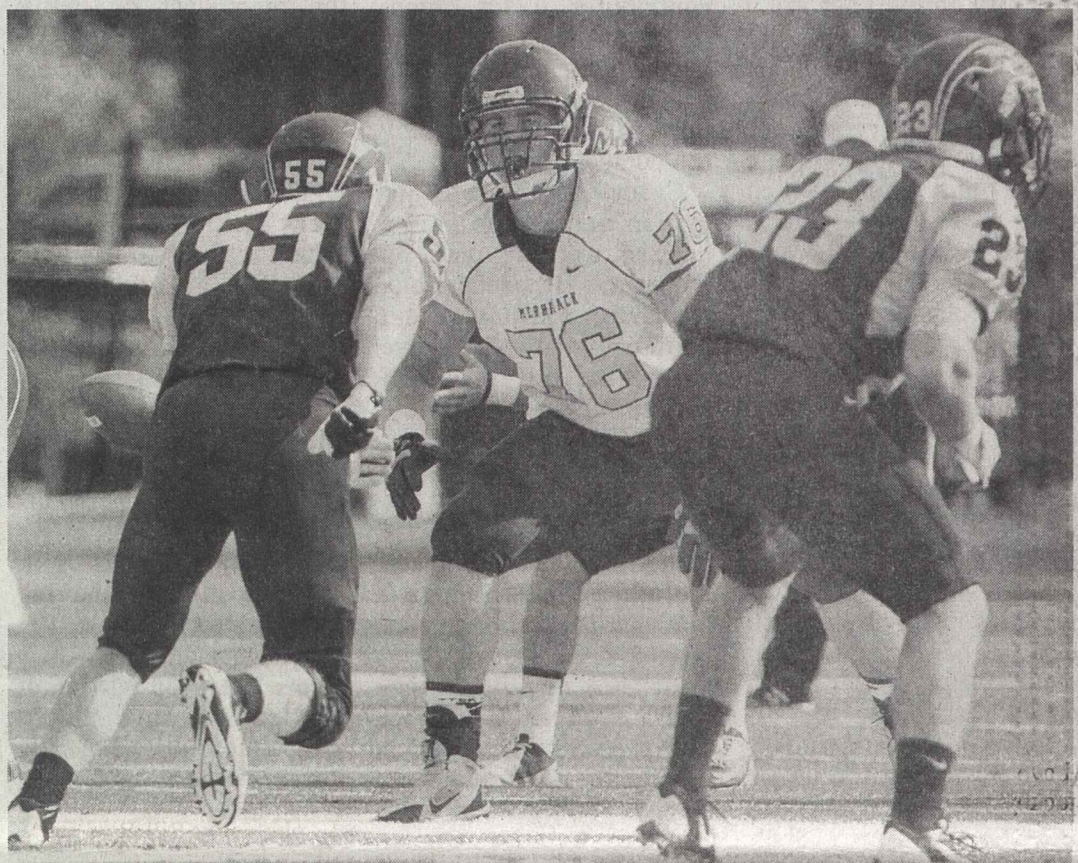

Gennetti, who has seen hundreds of players come and go as both teammates and students, understands that the game is an opportunity to mold the character of the young men who engage with it. He recognizes what every single successful athlete has in common, including those at Merrimack College.

"It's competitive character," Gennetti said. "It's about getting our guys to compete every single practice and every single play, and play with that kind of intensity. Life is competition, and we try to build our program about that."

Layton put a finer point on it, saying, "If you're not

Above Wilmington resident Mike Gennetti sends out signals as the Merrimack College Football team's Defensive Co-Ordinator, a position he has held for ten years. losses is always tough," Gennetti said, after the game. "You always worry how your kids are going to respond, and credit to them,

and senior Brian Hurley, both natives of Wilmington and both Business majors, the importance of accountability was impressed upon

here to bang or work hard, you don't belong out here."

Currently, Merrimack College has an overall record of 3-3 and a conference record of 3-2. The team has rushed for 91 yards and passed for 336.7 yards, for a total of 427.7 yards per game. Comparatively, Gennetti's defense has only allowed for 369.5 yards per game to be tallied against the team.

But none of the Wilmington

locals spend a great deal of time worrying about the overall picture of the season. The philosophy of the program is to take each game at a time, putting all of their energy into the immediate challenge ahead.

"It's one week at a time for us," Gennetti said. "Every week is a season. We're not really worried about what's coming down the pike so much as we're focused on who's next. We can't win

five games a week, we can only win one, and that's the one we'll focus on."

Regardless of what challenges the field or the classroom may hold, the Warriors have learned what they need to do in order to succeed.

"Never give up out here," Layton said. "It doesn't matter what happens out here, we're going to play it play by play, each and every week."

## Wildcats pick up three more points and stay unbeaten

By **JAMIE POTE**  
Sports Editor

jamiepote@hotmail.com

**WILMINGTON** - The good news is the unbeaten streak has continued. The bad news

is the Wilmington High School Girls Soccer team - tremendous effort aside - really didn't play its best for 80 minutes, yet still came away with a point.

On Thursday night, the Wildcats ended in a scoreless tie with perennial state contender Winchester in a cross-over Middlesex League game played at Alumni

Field.

Wilmington really didn't test Winchester's goalie much at all throughout the game as the Sachems really strived on packing it in

defensively with as many as six or seven players, which disrupted the Wildcats flow, especially with building anything from the back line, through the midfielders and up to the forwards.

Winchester had a few good bids, one big one as netminder Kelly Souza made a great hand save with about 15 minutes to go in the game, but other than that the two teams walked off the field with one point each.

"They were happy with the tie (and for us) it's not a loss," said Wilmington coach Sue Hendee. "We could have played better. The same thing can be said with Arlington. We need to find a way to step it up against the really good competition."

Wilmington is now 8-0-4 overall with the tie and Winchester goes to 7-3-4 overall.

Longtime Winchester coach Chris Scanlon, who has over 600 wins in his career, wanted to take away Wilmington's speed with the numbers in the back, all the while hoping a Wilmington mistake would lead to a goal. That didn't happen as the Wildcats continued to play stingy defensively, including Souza who turned away all 11 shots she faced. She has given up just four goals in 12 games this season.

On the flip side of that, the 'Cats did struggle to generate anything consistently on the offensive end. Too many

long passes nullified any decent chances.

"There was definitely some disconnection between the (forwards and midfielders)," said Hendee. "Defensively I thought we played pretty solid which against a team like Winchester it's always a good thing."

"Again, I keep going back to the fact that we are still a pretty young team so composure is something that is difficult to re-create in practice situations. You have to really come up against teams that you don't know and teams that are really technical to be able to play with that composure."

Sophomore midfielder Stephanie Figueiredo played very well throughout the game and generated a lot on possession, trying to set up offensive chances with passes up with the wings. "Steph has played really well in the past two games," said Hendee. "She makes a lot of really nice, smart passes. She knows when to go short, she knows when to go long and she made several nice slotted balls to Jordyn (Granara) that created space and opportunities."

On Monday morning, Wilmington topped Burlington 1-0 to improve to 9-0-4 overall. Kaila Bavin scored her third goal of the season coming in the 60th minute on a set up from Sam Pitzi.

Field Hockey team has big week collecting five points

**By JAMIE POTE**

It was a productive week for the Wilmington High School Field Hockey team. The Wildcats picked up five points this week with wins over Burlington (4-0) and Melrose (2-0) and then ending in a wild back-and-forth 4-4 tie with Winchester. The 2-0-1 week puts the team at 6-3-5 overall and the team needs one point in its last four games to qualify for the state tournament once again. The week started out with the crazy tie against Winchester. In that game, Bridget Sullivan scored twice, while Melissa McNamara and Nicole McIrney scored single goals. In the 4-0 win over Burlington, Goalie Rose

Cuozzo made ten saves to record the shut out, and four different players scored for Wilmington including Bridget Sullivan, Nicole Fletcher, Nicole McIrney and Melissa McNamara. Then in the 2-0 win over Melrose, Bethany Kane and Sullivan scored the goals. Cuozzo made two saves to record her second straight shut out and fourth on the season. Sullivan now leads the team with 11 goals, followed by McNamara with 7, McIrney with 5 and four players with one. Wilmington is busy this week with Senior Night on Thursday as the team will host Wakefield at 6 pm. That will be followed with trips to Lowell and Watertown on Monday and Wednesday, before finishing the regular season at home next Friday

against Stoneham. Wilmington started out 0-2 on the season and have since gone 6-1-5, with the lone loss coming against the six-time Division 2 state champions from Watertown.

**BOYS SOCCER**  
The Wilmington High Boys Soccer team ended in two more ties this past week giving them four straight and a record of 6-2-5 overall. The Wildcats need one more point as well to qualify for post-season play. The 'Cats came from behind to tie Winchester with two late goals, before ending in a scoreless tie with Burlington. "(Against Burlington) it was an even game but we had some real good chances to score and win the game," said coach Steve Scanlon.

"We are really struggling to score. We have tried a lot of different combinations and we're not executing. I think this puts a lot of pressure on our defenders who must feel like they can't make any mistakes at all. It's alarming because when you get into the state tournament, you have to score in order to move on." Scanlon said the team played much better against Winchester than it did against Burlington. "Winchester is good, they're real good," he said. "We were down 2-0 at the half and we rallied back to

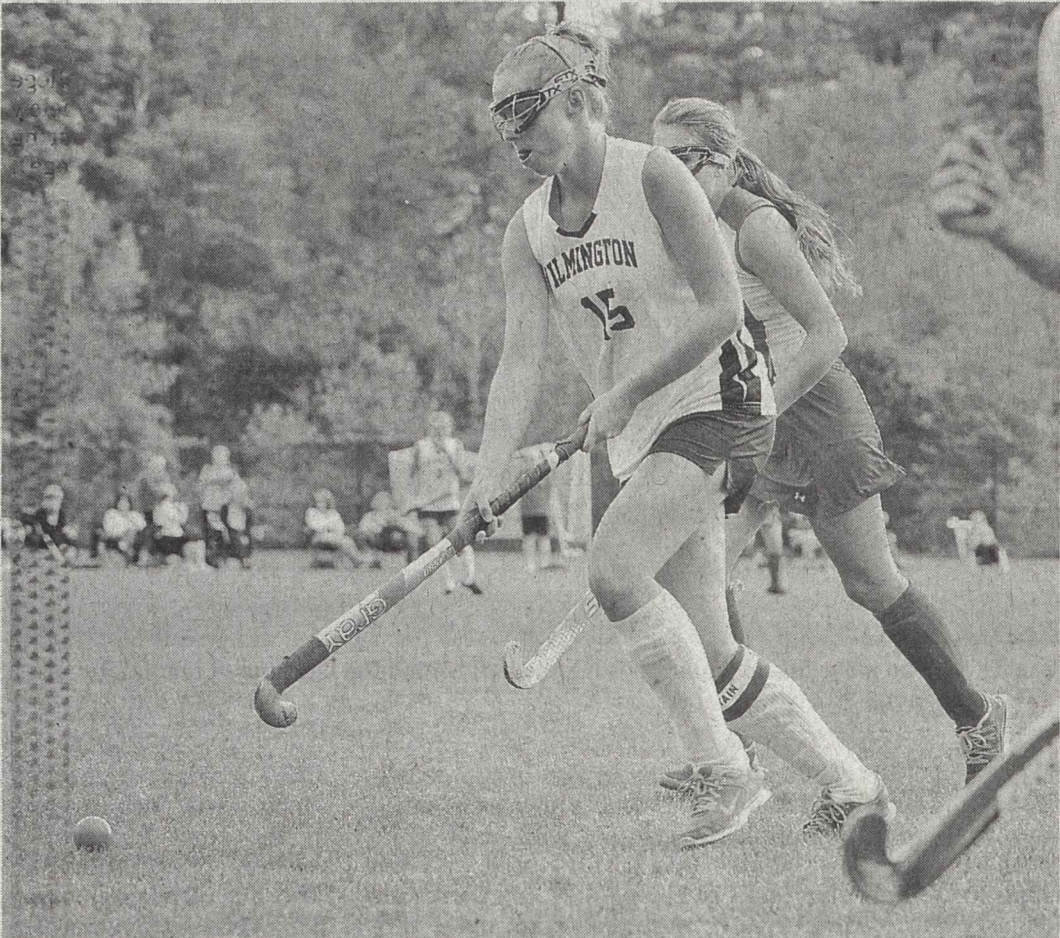

score two and tie it. The first half was terrible. The first minute of the game we left the leading scorer of the league unmarked and he scored. But we came back which is a sign of a good team." Senior Brad Priem and junior Justin Ledger scored the goals. Priem scored in the 56th minute off a long throw-in from Evan Raffi. Ledger then tied it in the 68th minute with a glancing header off a cross from Ryan Kinsella. Ryan Horgan made four saves in the net. "The effort from my guys is always good and I have no

complaints about effort," said Scanlon. "But when it comes to execution, it's the player's job and no one but them. If you want to win the division you need to win games. When you end in ties, teams catch or pull ahead of you."

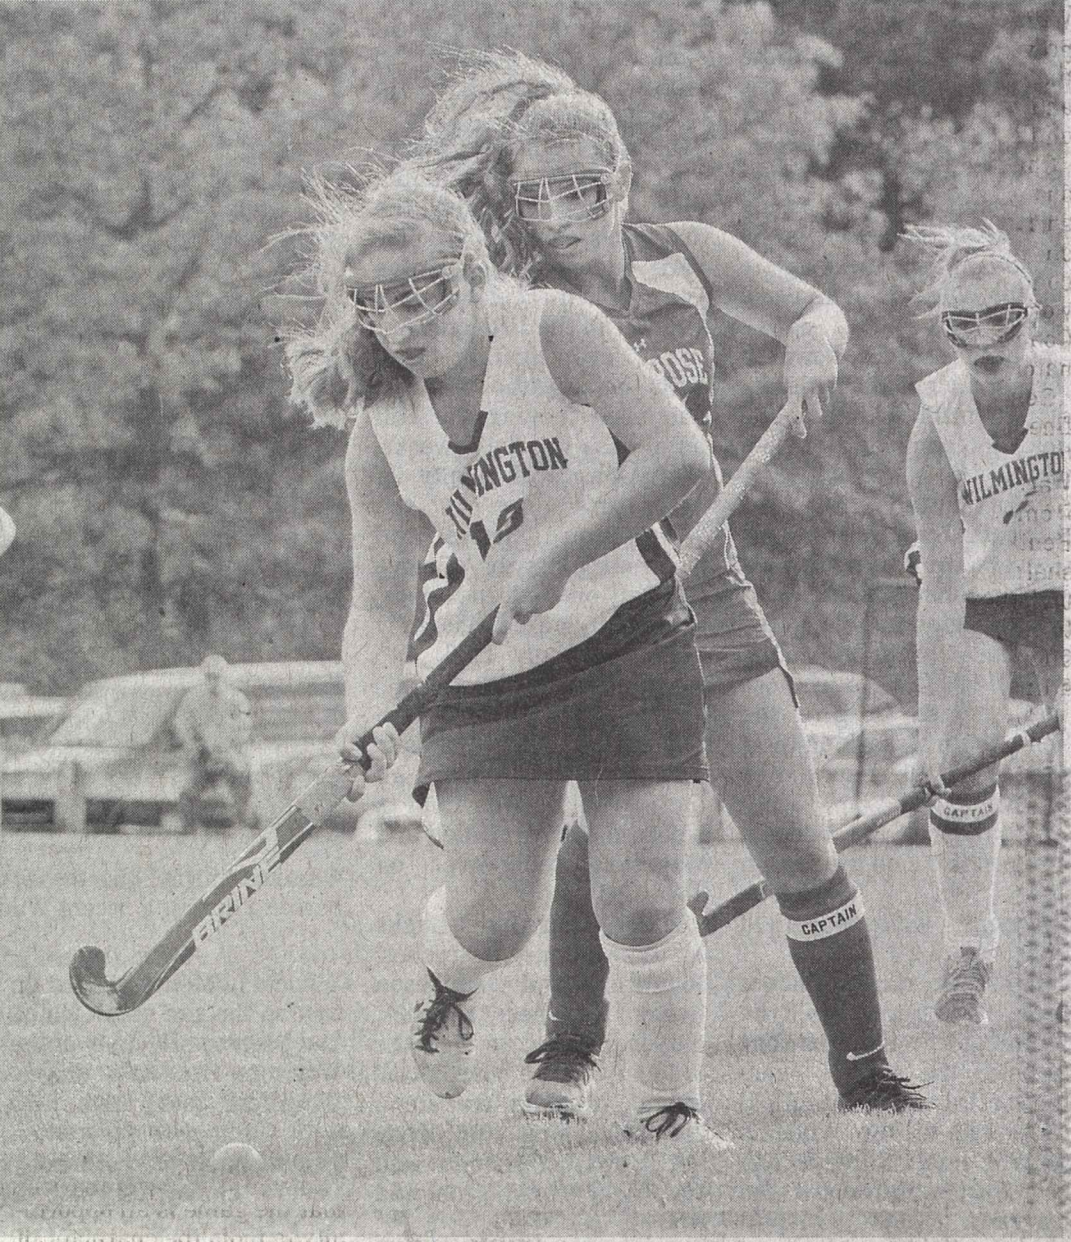

**VOLLEYBALL**

The Wildcats split two games this week beating Arlington 3-2 before losing to Winchester 3-0 the next day. In the win, Michelle Murray and Erica Pudvelis combined for 15 straight service

# Wildcats stumble and fall flat against Warriors

By MIKE IPPOLITO  
Sports Correspondent

sports@yourtowncrier.com  
WAKEFIELD - On their way to a 3-1 start entering last Friday night's game with Middlesex Freedom Division rival Wakefield at Landrigan Field, the Wilmington High Football team had overcome a few rough starts and still managed to come away with victories.

There was the slow start against Arlington Catholic a few weeks back that saw them with a slim halftime lead, and then there was the opening kickoff returned for a touchdown by Burlington the following week, and finally the opening drive touchdown by Stoneham two weeks ago to put the Wildcats in an early hole.

In each instance, however, they had righted their ship, dug themselves out of the hole, and come away with a win.

Unfortunately for the Wildcats, they were unable to overcome one more slow start against Wakefield, as a Wilmington fumble on the opening kickoff led to an early Wakefield touchdown that seemed to give the home team a spark on their way to a 21-0 victory over the Wildcats.

With the loss, the Wildcats dropped to 3-2 on the season (2-1 in Middlesex Freedom), while Wakefield improved to 2-3 (1-2).

Right from start, it did not seem destined to be Wilmington's night, as they fumbled the game's opening kickoff which Wakefield recovered at the Wildcats 35-yard line. After a one yard loss on first down, the Warriors Luke Martin scored on a 36-yard touchdown run on the second play of the game, and when Tom Sapanaro hit the first of his three extra points on the night, the Wildcats trailed 7-0 with 10:25 left in the first quarter.

"Obviously you don't want to fumble on the opening kickoff," Wilmington coach Mike Barry said. "Once that happened, it seemed to give Wakefield a little momentum and for whatever reason we weren't able

to recover from it. We were a little out of it tonight (emotionally). We have been on a good run the last three weeks, so I am not sure what happened. Maybe we ran out of gas, or maybe we got a little overconfident."

"We believe we have a formula for success, and the formula was not there tonight."

After holding Wilmington to a three and out, Wakefield went back to work on their next possession, this time going on an 11-play, 51-yard drive to extend their lead.

Once again it was Martin (16 rushes, 94 yards) doing most of the work, but the drive was capped by a five yard run by fullback Joe DiFazio to make it 14-0 with 1:19 left in the first quarter.

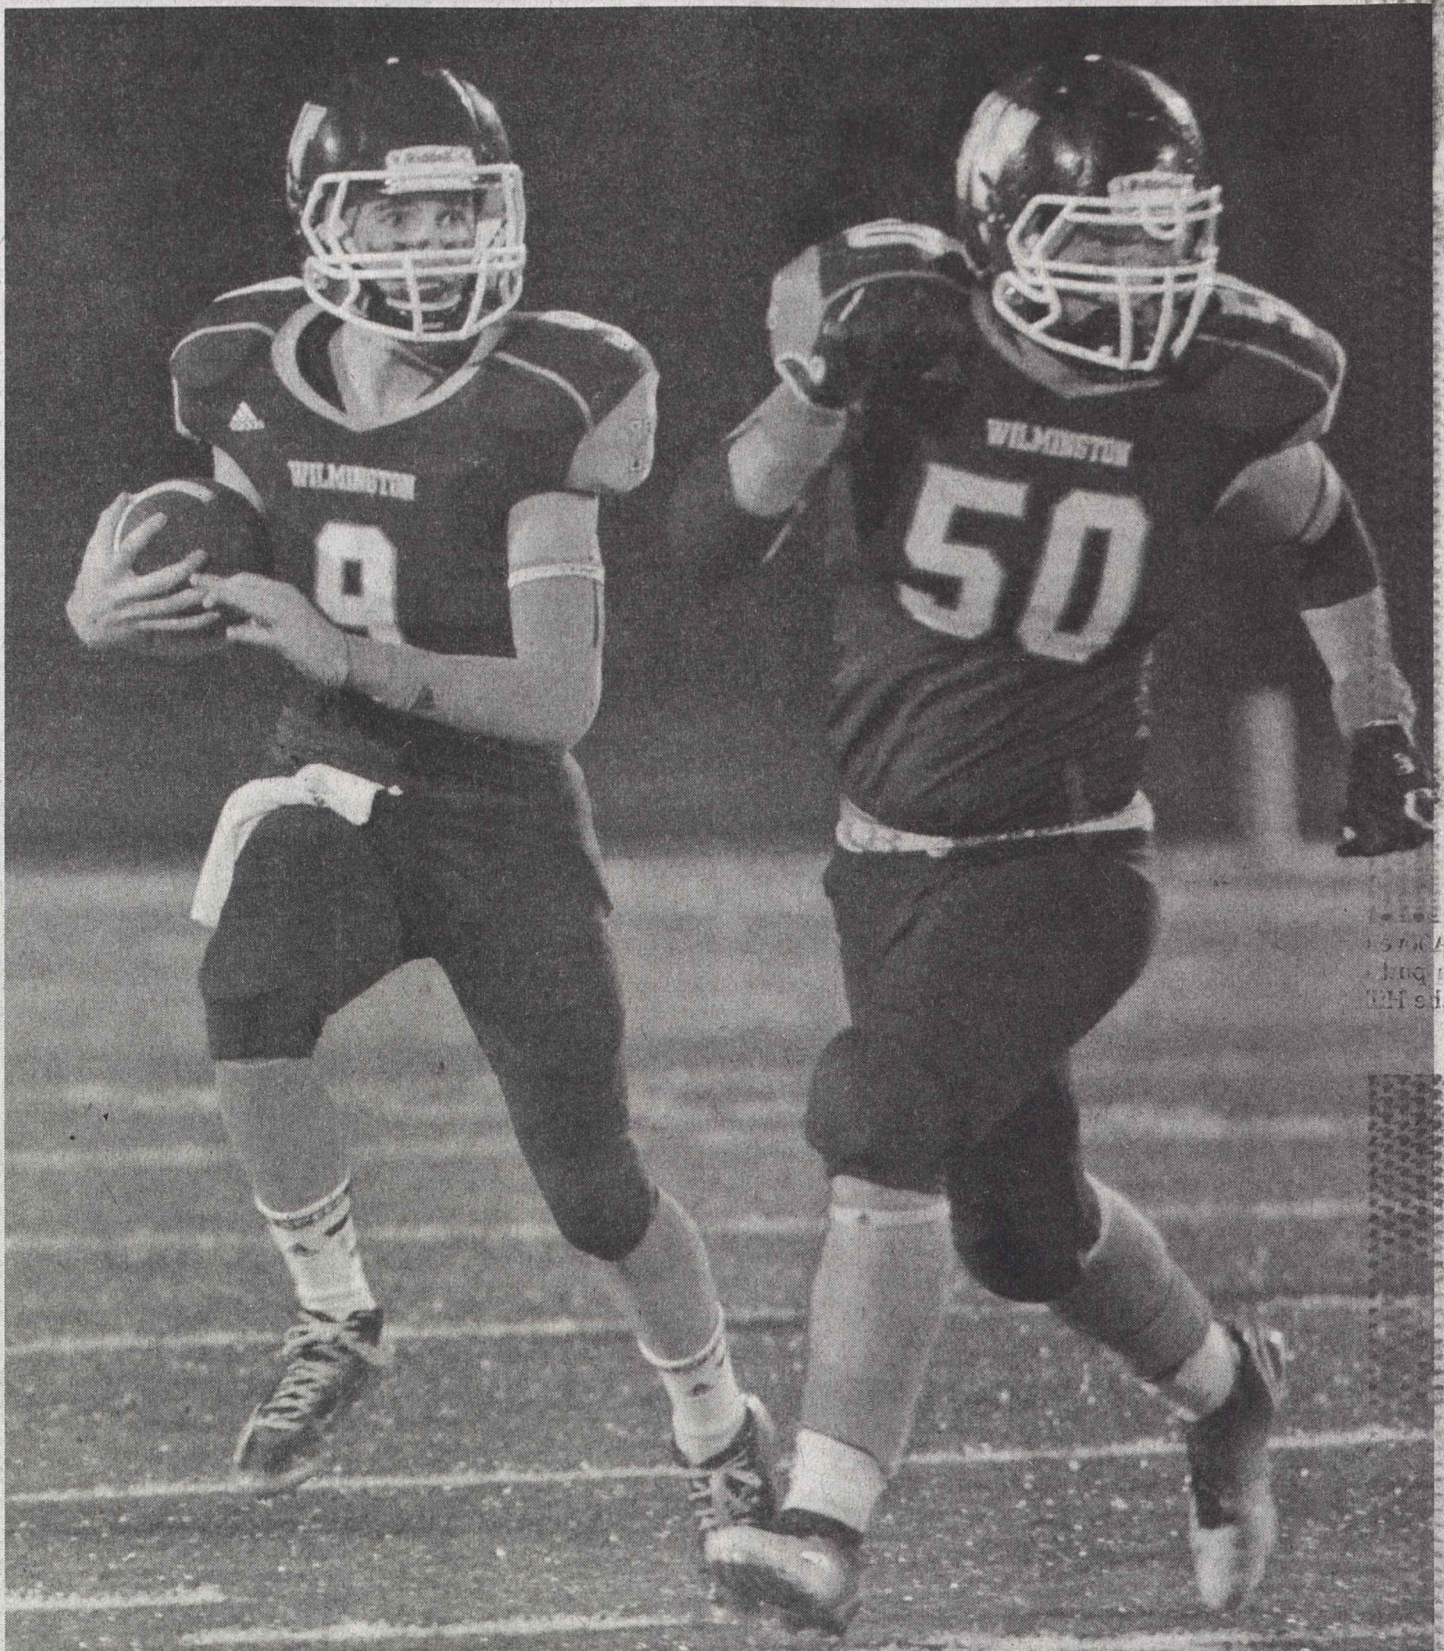

Still, even trailing 14-0, with the way the Wildcats had been moving the ball on offense in recent weeks, there was still plenty of optimism on the Wilmington sideline and when they began to move the ball on their next possession it looked like they might get right back into the game.

Taking over on their own 33-yard line, the Wildcats went on a 15-play drive all the way to the Wakefield 13 before the drive stalled and Wakefield took over on downs.

Senior running backs Matthew Penney (10 rushes, 56 yards) and Jomikeson Beray (11 rushes, 53 yards), did their best to get the Wildcats on the board, with Penney breaking free for a 21-yard during the drive, but it was not enough and Wakefield would soon add to their lead.

"Our running game was a little spotty tonight," Barry said. "If we want to run the ball consistently we need to move people off the line of scrimmage and our back need to pick up yards after contact and we didn't do that tonight. But you also just have to give Wakefield some credit. They had a good plan and they outplayed us so you just have to give the other team credit sometimes."

With the aggressive

Wildcats defense geared up to stop the run game which had been so effective on the Warriors first two drives, Wakefield took advantage with a big pass play when quarterback Anthony Cesere connected with a wide open Tighe Beck for a 75-yard scoring strike to make the score 21-0 with 2:45 left in the half.

Wilmington would once again drive deep into Wakefield territory on their next possession, this time moving to the Warriors 14-yard line after a pair of long runs by Beray, but the Wakefield defense stiffened and Wilmington trailed by three scores going to the half.

Neither team threatened very much in the second

half, and the Wildcats defense actually played very well, recording three sacks in the second half alone, with defensive tackles Andy Murray and Bryan Metcalf, along with senior linebacker Austin Ferreira all dropping the Wakefield quarterback in the backfield.

Still, it was not enough for the Wildcats to come away with a victory. Barry was of course disappointed in the way his team played and disappointed in the results, but his faith in his team has not wavered at all.

"I have so much confi-

dence in this group of seniors and in this team that I know we will learn from this," Barry said. "I am disappointed and frustrated more than I am upset with the kids. The kids want to do well, but we just kind of lost our way tonight. These kids have a great attitude. When we ask them to do anything during a practice or during a game, they do their best."

"And when that's the case, you stay loyal to your kids and you support them. And I support this team. I think it is a great group of kids. My confidence is not shaken."

This Friday night the Wildcats will once again be on the road to take on another Middlesex Freedom Division rival, this time traveling to defending league champion Melrose to take on a Red Raider squad that will bring an identical 3-2 (2-1) record into the game.

Melrose comes into Friday night's game on the heels of a tough 28-26 loss to Freedom Division leading Watertown last week. Two weeks ago they defeated Wakefield by a score of 17-15 in another hard fought battle.

points throughout the five games, while Hannah Brown had 10 kills and Katy Bischoff had 5.

Wilmington won in five sets, 25-15, 6-25, 19-25, 25-4 and 15-9.

"This was a true team effort," said coach Meghan Sheehy. "Everyone contributed and stepped up when called upon and no one quit even when we were down. This type of play is what the Wildcats have always been capable of, and tonight they let it show."

## BOYS XC

The Wildcats fell to 0-6 on the season with a close 22-32 loss to Watertown on Tuesday. The top two per-

formers for Wilmington were Chris Maienza, who was second overall at 16:27 and Kevin Dunn, who was 6th at 17:14.

"The two of them came fully prepared and focused for the race," said coach Brian Schell. "I am very impressed how they pushed a hard first mile pace and still managed to finish as strong in the end clearly shown by their overall times. They managed to put everything they trained for this season together and run their best times."

Rounding out the performers were Dan Bell (7th, 18:02), Conor Bailey (8th, 18:15) and Jason Dunn (9th, 18:34).

"Although it was a tough loss, everyone ran exceptionally well and gave it their all," said Schell. "I am pleased to say that everyone pushed themselves to the limit as needed and many set personal records doing so. Our next race is against Stoneham. We should fair well against them and gain our first victory of the season. I hope the possibility of this victory will give the team some added motivation going into the league meet."

## GOLF

The Wilmington High Golf team had a bit of a difficult week, dropping a pair of matches, coming out on the short end of a 43½-28½ result

to Middlesex Freedom Division rival Wakefield last Thursday before dropping a 169-131 decision to North Reading on Friday.

In the loss to Wakefield the Wildcats got wins from their number seven and eight players with senior Chris Kennedy winning from the number seven slot, while freshman Dan Boyle won his first ever varsity match from the number eight position.

While the Wildcats varsity was unable to pick up a win against North Reading, the junior varsity captured a 126-92 win with Boyle leading the way with another victory.

The four seniors on this year's WHS Volleyball team includes from left, Michelle Murray, Abby Chase, Hannah Brown and Kristen Connors.

# Shawsheen Girls Soccer team blanks two opponents

By MIKE IPPOLITO  
Sports Correspondent

sports@yourtowncrier.com

BILLERICA — After having a bit of a down week facing some non-league competition two weeks ago, the Shawsheen Tech Girls Soccer team got back on track this past week, resuming their CAC schedule and resuming their dominance of the league, winning both of their games, each by shutout.

Shawsheen started their week last Thursday with a 5-0 win over Greater Lowell and followed that up the next day with a 4-0 win over Minuteman, with both games played on the road.

With the two wins, Shawsheen improved to 10-4 on the season and 9-0 in the CAC, as they close in on another CAC title.

While the losses in the previous week, a 4-2 setback to Weston and a 5-2 loss to Swampscott, were not what coach Doug Michaud would have liked, he did feel like his team can certainly compete with their non-league foes.

"Against Weston, I felt like we could have played better, and I felt like we could have beaten them if we did play better," Michaud said. "They got a couple of quick goals on us, and it was not like we fell apart, but we just could not get going after that."

While the Lady Rams were not able to get things going against Weston and Swampscott, they most certainly were able to transition back to their league schedule when they squared off against Greater Lowell last Thursday.

"I think (the increased level of competition) helped," Michaud said. "It also helped that we tried a different defense. We have not perfected it yet, but we are working on it and I think it is something that will help us as the season goes on."

It certainly seemed to help them against Greater Lowell, as they rolled to victory behind a hat trick from Lynne Snook, while Emily Irwin and Tewksbury's Nicole Malfa each added single goals for Shawsheen.

Snook scored four goals on the week for the Lady Rams after getting a single goal against Minuteman the next day. She now has 13 goals on the season.

"We moved Lynne up from midfield to forward," Michaud said. "We just wanted to see what kind of offense she could bring for us and so far it

seems to have worked out pretty well."

The scoring was a little more spread out the next day against Minuteman, with four different goal scorers accounting for the 4-0 final.

Snook, along with Nicole Kopacz of Tewksbury, Kim Hayes and Brittany Malfa of Tewksbury. It was the freshman Malfa's first ever varsity goal, and it came with her sister Nicole, who missed the game due to injury, cheering her on from the sideline.

"It was great to see Brittany score her first goal and it was even better because Nicole was there to support her as well," Michaud said.

Junior goalie Janina Kennedy of Tewksbury recorded shutouts in both games, giving her six on the season.

"It is great having her back there," Michaud said. "She has done a really good job for us."

Shawsheen will look to continue their winning ways on Saturday, when they host Triton in a non-league clash at 9:30 a.m. on Homecoming Day at Shawsheen.

## BOYS SOCCER

It was a relatively quiet week for the Shawsheen Boys Soccer team as they had only one game after a last minute cancellation by Minuteman last Friday afternoon.

In the Rams one game of the week, they played to a 2-2 tie with CAC rival Greater Lowell for the second time this season, after playing to the same score last month at Shawsheen.

The setting was different this time, with the Rams traveling to Tyngsboro, but the results remained the same as the Rams once again gave their undefeated (7-0-4) arch rivals all they could handle leaving them with a 2-6-3 record on the season.

"We have been struggling to get wins, but we play very well against Greater Lowell," Shawsheen coach Tom Severo said. "They are a very good team, but we seem to play them very well."

The Rams got goals from Scott Callahan of Tewksbury and Jake Lage to go out to a 2-0 lead before Greater Lowell came back to tie. Christian Lucches of Tewksbury assisted on Callahan's goal, while Callahan assisted on Lage's goal off a corner kick, catching Greater Lowell napping while setting up the play.

"That was a very good play," Severo said. "We were award-

ed a corner kick and Greater Lowell was not set up yet because they were arguing with the referee. There was a lot of confusion, and our guys just put the ball down and put it into play and the next thing you know it was in the back of the net."

Severo noted that his team had been prepared for just such a situation and was impressed with their heads up play.

"We talk about it in practice," Severo said. "We want to get going quickly if we can and in the case of the corner kick we were getting ready and we spotted our opportunity and we took advantage of it."

## GOLF

The Shawsheen Golf team has had tremendous success in recent years, and that success continued this season, as the Rams recently wrapped up their tenth consecutive league championship, finishing in a tie atop the CAC standings with long time rival Minuteman.

As successful as the season was for Shawsheen in once again capturing the league title, Rams coach Tom Struthers felt his team could have been even better as they finished the season with a 6-1-1 record in the CAC, but just 7-5-1 overall as they struggled mightily in their non-league matches with Austin Prep and Malden Catholic, losing all four in blowout fashion.

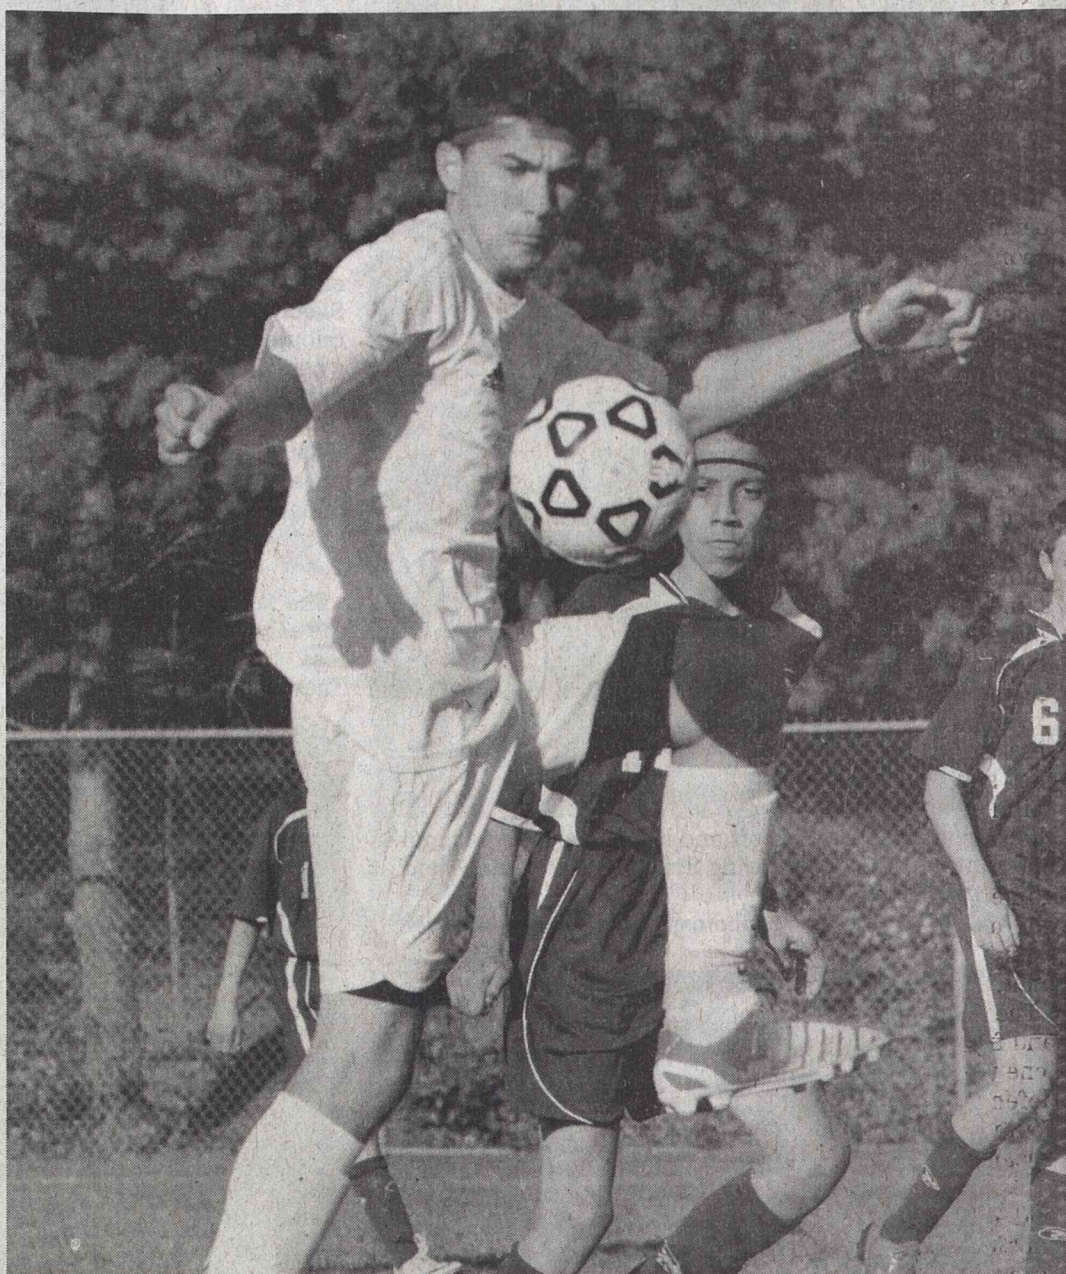

The Rams have faced these talented opponents for several years and have generally had decent success against them, winning some, and losing some, but always playing competitive matches.

"It was tough to lose those matches the way we did," Struthers said. "I felt like we could have won both of the Malden Catholic matches, but we just did not play well enough for some reason."

The bar for the Shawsheen Golf program has of course been set very high, which is why even a season with a league title has a feeling of slight disappointment to it.

The same holds true for the Rams in the State Vocational Championship held last Wednesday. While the Rams finished a very respectable fifth among all teams, it was still a bit of a letdown for a team that captured the voke title in 2010 and then finished second in each of the past three seasons.

"The voke tournament was

"very interesting for us," Struthers said. "We had some very good players, but I think the problem we had was playing the 18 holes instead of the usual nine and it was on a very difficult course in Gardner. We did not play badly at all, we just did not play as well as some other teams."

Leading the way for the Rams, as he did for most of the season was senior captain Steve Ferreira of Tewksbury, who shot an 82. Ryan Collins also fired an 82 for the Rams, while sophomore Chris Mills shot an 83.

CAC co-champion Minuteman captured the state title, while another CAC team, Northeast had the second overall medalist who shot a 73 on the day.

"It was a good tournament and it was good to see Minuteman do so well," Struthers said. "The fact that Minuteman and Northeast did so well and showed what good teams they are makes our league title that much more impressive."

The Rams will be looking to make it 11 straight league crowns next season, and Struthers feels like he has a couple of nice building blocks in place in sophomore Chris Mills and Michael Kelly.

"I have to say, the biggest positive I will take out of this season and bring into next season is the play of someone like Chris Mills, who consistently shoots around 39, 40 or 41," Struthers said. "And then we have Michael who was

shooting in the high 50's and is now in the low 40's. They both want to get better every day, so hopefully they will continue to work hard and come back better than ever next year."

## VOLLEYBALL

It has been a bit of a rough stretch as of late for the Shawsheen Volleyball team, who saw their record drop to 5-8 on the season after a 1-2 week. Shawsheen started their week last Wednesday with a 3-0 win over Chelsea, but followed that up with a 3-1 loss to North Shore Essex on Friday and another 3-0 defeat to Notre Dame Academy on Tuesday of this week.

It is certainly not for lack of effort that the Lady Rams have been coming up short, but a lack of experience is making things difficult for them.

"We have a very young team, with only two seniors in the program," Shawsheen coach Chet Flynn said. "We are playing all sophomores and juniors and most of them have very little experience. We have lost some very close matches where some late mistakes have really cost us."

There were no such problems for the Lady Rams in their 3-0 (25-11, 25-10, 25-12) win over Chelsea last Wednesday as Shawsheen dominated from start to finish.

Mikayla Porcaro had a very strong match for Shawsheen, with seven consecutive serv-

ice points in the first game, while Lauren Beachy contributed five consecutive service points of her own and Ashley Fahey converted several big points.

"It was a very good team effort," Flynn said. "I thought as a whole played very well."

Things did not go as well for Shawsheen in their 3-1 loss to Essex on Friday, as they dropped a 3-1 decision to a team they had defeated 3-1 earlier in the season.

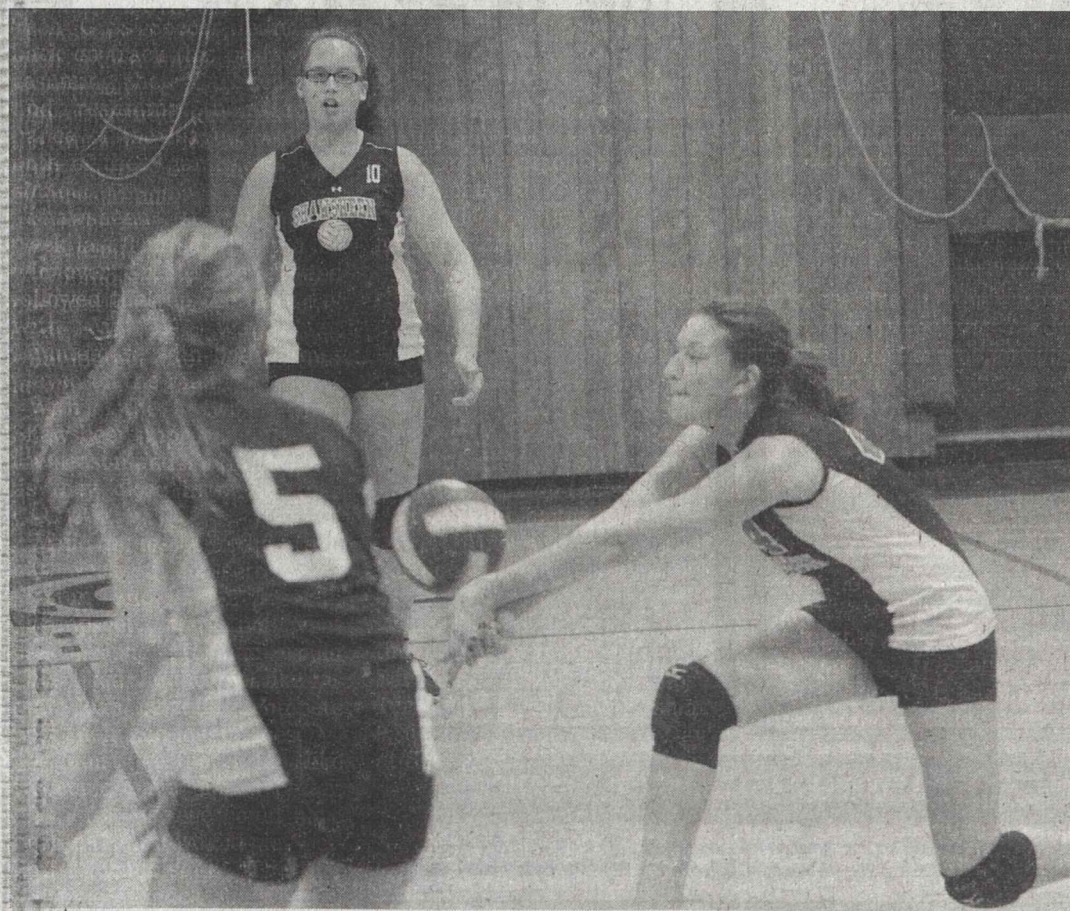

"I thought we played well in the second game, and it looked like it was going to be a five game match," Flynn said. "But we kept making mistakes on some basic things like hitting the ball out of bounds. At this point in the season we should be more accurate, but we are hitting shots out of bounds or into the net."

With their 5-8 record and five matches left in the regular season, the Lady Rams must win at least four of those five in order to qualify for the state tournament.

They will begin what they hope is their successful quest for the postseason on Thursday when they host Fellowship in their Homecoming Game, followed by four matches in four days next week when they host Whittier on Monday and Lynn Tech on Tuesday before traveling to Nashoba Tech on Wednesday and returning home for their season finale against PMA on Thursday.

A Team keeps up winning streak

The Wilmington Pop Warner A Team moved to 6-0 on Sunday with a thorough dismantling of the Lexington Raiders by a score of 22-0. The Wildcats recorded their fourth shutout of the season as the defense stifled the Lexington offense all afternoon. The Wilmington defense was led by their trio of stellar linebackers Joey Dumoulin (3.5 tackles, two fumble recoveries), Kyle Kenyon (3.5 tackles), Peter Marino (3 tackles), defensive end Frankie Irizarry (3 tackles) and corner Devin Clerico (2.5 tackles). Clerico missed the last two games due to injury but came back with a solid game on Sunday shutting down the big and physical Lexington receivers. Lexington won the coin toss and elected to defer to the second half, meaning Wilmington would receive the opening kick and head out on offense to start the game. The Wildcat offense got off to a slow start on their first drive and had to punt. The defense took the field and from the first play, set a tone with physical play. The defensive line for Wilmington was led by Irizarry and Michael Steen (1.5 tackles) at defensive end as well as Owen Steen (2 tackles, 1 tackle-for-loss, forced fumble), Chris Medeiros and Jake Timmons at defensive tackle. The Wildcat line held up

against a big and solid Lexington offensive line. On their next series, the offense managed to sustain a 13 play drive that included two eight yard runs by Marino, a nine and a 20 yard run by quarterback Andrew Sullivan (three carries, 31 yards) and a nine yard run by Dumoulin. Unfortunately, the drive was marred with penalties; holding, illegal formation, illegal motion and a false start and the drive stalled. The defense took the field and once again stopped the Lexington offense. Lexington tried throwing the ball but Clerico, Kyle Munro and Sullivan were solid in their defensive backfield duties for Wilmington. Once again, Lexington was forced to punt after a three-and-out. On their next offensive series, the Wildcat offense struck quick. A four yard run by Marino set up a 15 yard run by Dumoulin for the touchdown. It was Dumoulin's seventh rushing touchdown on the season. The PAT was blocked so Wilmington had to settle for a 6-0 lead. The touchdown went right up the right side-line behind solid blocks from wide receiver Nick Kullman, tight end Adam Bishop and right guard Colin Rooney. Rooney, like Devin Clerico, was coming off an injury but was able to step back into his spot at right guard and make a solid contribution

for the Wildcat squad. After a defensive stop, the Wildcats came back out on offense. It was near the end of the first half and Wilmington brought in a different offense. On the line, Will Ameral came in at center, Ben Stafford and Max Caso came in at guard, Michael Smolinsky and Omar Eldaly came in at tackle, Jason Marquard and Chris Stokes came in at tight end. Wilmington also brought in a different backfield with Sean Kelley at quarterback, Randall Vega and Kyle Munro at running back and Bailey Smith at fullback. With the offense starting deep in their own territory, Smith carried the ball on first and second down for short tough gains. Vega picked up six yards and 3rd and 8 and the Wildcats had to punt. Vega, who has never played running back before this season and only started running the ball the week before the opening game against Woburn, has been a pleasant surprise for Wilmington this season. He is second on the team in carries and rushing yards with 40 carries for 206 yards through six games. The Wildcats went into half-time clinging to a 6-0 lead. The second half began the same way the first half ended; with the offense struggling a bit and the defense continuing to shut

down a potent Lexington offense that had averaged 21 points a game through the first five games of the season and were coming off a 39 point performance against Braintree. The offense failed to score on its first three possessions of the second half. On their fourth possession of the second half, the offensive fortunes for the Wildcats changed drastically. On their first play from scrimmage, Dumoulin scored his second touchdown of the game on a 41 yard run. It was his eighth rushing touchdown of the season. The line held up and kicker Adam Bishop converted the PAT to give Wilmington a 14-0 lead. After a quick three-and-out by Lexington, the Wildcat offense struck quickly again with Dumoulin scampering into the endzone on a 25 yard run, his third of the day and

ninth of the season. The PAT by Bishop was good and that gave Wilmington a 22-0 lead as the game came to a close with Wilmington knocking off the defending Division 1 Middlesex League Champs. Next week, Wilmington takes on Waltham at home in their final home contest of the season. For their captains; Joey Dumoulin, Frankie Irizarry, Kyle Kenyon, Peter Marino and Andrew Sullivan, it will be their final pop warner home games after seven years in the program and the last four with head coach Gerry Sullivan. It promises to be an emotional and exciting game for the Wildcats. Kickoff is set for 2:00 pm. D2 Wilmington 27 Lexington 0 The Wilmington Wildcats D2 took the field on Sunday

against a strong Lexington team. The Wildcats offense was unstoppable. Billy Dumoulin and Jacob Roque both had two touchdowns on the day. Quarterback Joseph McCauley connected with Jacob Roque early for a touchdown and would also later complete a pass to Billy Dumoulin to put another six points on the scoreboard for the Wildcats. Andre Turner also had some strong runs for the young 'Cats resulting in touchdowns for Wilmington. The Wildcat defense played an exceptional game behind a strong line and outstanding play by Dennis McConologue, Joey Kullman, Owen Cushing, and Ryan Watson, who also ran the ball to gain some tough yards for the Wilmington team.

Wilmington Pee Wee 2 team returns to the ice rink

The Wilmington Youth Hockey Association PeeWee 2 team continued to build the solid team play that earned them their first win last week, with two more games across the Columbus Day weekend. Saturday afternoon against The North Central Mass Sting from Gardner, MA, the team the team stood strong against a very physical

opponent. Wilmington took an early lead on Brendan George's slap shot from the right side, and looked for more when Gardner was penalized shortly after that. The power play went for naught, and the Sting got back to even about halfway through the period. Late in the first Will Alworth scored to put the Wildcats up by one again, but in the final

minute, Gardner rallied to even the score at two. The second period opened with Wilmington taking a penalty. Just as the blue and white got back to even strength, Gardner was whistled for another penalty. Neither team scored on the power play, and the Wildcats' goalie Max Churchill handled the puck well in net, setting his

defensemen up for easy clears. With just under six minutes remaining in the middle frame, Will Alworth got his second of the game, and in the closing moments, Jason Davey added to the lead, making it 4-2 for Wilmington. The third period opened like the second, with sequential penalties for each team.

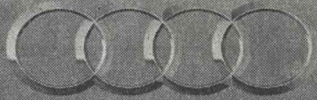

Again, neither power play could score. The Wilmington defense pairs were Justin Healey and Ryan Packer, backed up by Anthony Bowker and Joseph Cornish. Late in the game, the Sting narrowed the gap to one, but the Wildcats answered with Brian Dunfey scoring Wilmington's fifth goal. Unfortunately for the 'Cats,

Gardner would rally late with two quick goals after Dunfey's tally, and the game ended in a 5-5 tie. On Sunday, the team traveled to Nashua for a rematch of the previous Sunday against the Hudson Cyclones. Brendan George, again centering Brian Dunfey and Brayden

College Round-Up

# Niemiec continues to help Ithaca win

By MIKE IPPOLITO  
Sports Correspondent  
sports@yourtowncrier.com

Several local soccer stars lead the way at the college level.

Ithaca College sophomore Holly Niemiec had an assist for the Bombers in their 4-0 victory over Utica last Friday night. Niemiec put a nice centering pass in front of the net for teammate Kelsey King, who tipped the

HOLLY NIEMIEC

ball past the Utica goalie to make the score 3-0 in the game's 56th minute.

With the win Ithaca improved to 10-2-0 on the season and are in first place in the Empire 8 Conference.

Wheelock College sophomore Michelle Woods had a goal and an assist for the Wildcats in an 8-0 win over Pine Manor College last Tuesday. That made it two out of three games with at least a point for the former Wilmington High star and Town Crier Female Athlete of the Year.

Plymouth State freshman defender Adrianna Kippenberger helped the Panthers to a pair of impressive victories this weekend, first helping them to blank Rhode Island College last Saturday by a score of 4-0 and then in a 2-1 victory at Johnson State on Sunday.

Kippenberger has started in all but one game for the Panthers in her freshman season, helping them limit opponents to 1.3 goals per season.

Colby Sawyer senior midfielder Chris DiCecca had an assist for Chargers in their 4-0 win over Maine Maritime last Saturday, giving him seven points on the season. It was the fourth win in a row for Colby-Sawyer, who improved to 7-4-1 on the season and 3-1 in the North

Atlantic Conference (NAC).

Stonehill College senior goal keeper Adam Colella picked up the win in net for the Skyhawks in a 3-2 victory over the University of New Haven last Friday night in West Haven, Connecticut.

The 2011 graduate of St. John's Prep made three saves to earn the win, his third of the season.

Erik Alatalo competed for the Bentley Cross Country team at the New England Men's Cross Country Championships held at Franklin Park in Boston last Saturday. The sophomore finished the five mile course in a time of 26:49.79, helping Bentley to finish third among the eight Division 2 schools competing at the event, and 27th out of 39 teams overall.

Emerson College sophomore Savannah Hubbard helped lead the Lions Cross Country team to a fifth place finish at the Runnin' Monks Invitational last Friday in Standish, Maine.

Hubbard finished fourth among all Lions runners and 27th overall in a time of 23:58 over the 3.1 mile course.

In football, a former Wilmington High star had a big game in defeat for

SAVANNAH HUBBARD

Worcester State in a 40-24 loss to Fitchburg State last Friday night. 2011 WHS graduate Sean Hanley had eight tackles, including five solo, and also had an interception that he returned 21 yards for the Lancers.

The senior defensive back leads the Lancers in tackles on the season with 37, while his four second on the team.

In hockey news, Zach Malatesta is now playing for the Moncton Wildcats in the Quebec Major Junior Hockey League. In 11 games this season the defenseman has four assists.

Finally Joe Pendenza, who has a great career at UMass-Lowell, was released by the Nashville Predators Farm Team, Milwaukee Admirals recently. Last year he played in a few games for the team in a tryout basis after finishing his collegiate career.

## Dorothy and Matt Larffarello

# Mother and Son complete half marathon

By BRENDAN FOLEY  
Sports Correspondent

BrendanMFoley@Outlook.com

BOSTON-- When Dorothy Larffarello promised her son, Michael, that she would accompany him on his first half marathon, this weekend's B.A.A. Annual Half Marathon, she meant it.

Even after fracturing her right shin, she still insisted on going through with the race.

Even after being involved in a car accident and spraining her shoulder, she still refused to pull out of the race. The insistence paid off, as Dorothy ended up finishing before Michael.

"We've always done things together to keep in shape and it's fun," Dorothy explained. "It's what we like to do. Instead of manis and pedis, I do Warrior Dashes."

While Dorothy can laugh off the experience now, bolstered by her final time of 1:58:01, she does not deny how arduous the actual half marathon was to get

through.

"I thought I would do OK, but I never thought I would do as well as I did," she said. "I pushed through. By the time I was done, I couldn't wait to get home and get my ibuprofen. But I was doing it for my son, and that's what got me through it."

Michael finished only 15 seconds behind his mother, closing the race with a time of 1:58:16. He had originally hoped to run in the Boston Marathon, a lifelong goal for both himself and Dorothy. Both Larfarello's were especially interested in running this past year's marathon, in honor of the Boston Marathon bombing, particularly as the Larfarello's had family members caught up in the bombing.

However, the enrollment was too full for Michael to sign up, and so he turned his attention to the B.A.A. half marathon.

Along the way, Michael raised \$1,000 for the Jimmy Fund and cancer research.

Dorothy, who teaches at a gym at nights, has had a great deal of experience teaching her sons and strangers the needed skills for running great distances, immediately stepped up to help prepare Michael for his first half marathon.

"It was my son's first half marathon," she said. "I've trained lots of people in town, and it was his first time doing a half marathon, so no matter what I was going to do it with him."

Dorothy insists that the key to succeeding with distance running has almost nothing to do with actual physical ability. In fact, outside of "maybe two or three" individuals, She added that she has never met anyone who cannot become an accomplished runner. The trick is entirely in the mind.

"It's all mental," she said. "The most important thing to learn is to never give up. There's nothing you can't do. I always tell the people I'm training to take it one

step at a time."

Dorothy acknowledges the difficulty that some people can have in arriving at the needed mental state to accomplish arduous labors like a half or full marathon, but she insists that it can be done by almost anyone.

"It can be difficult to get into that head-space," she said. "There's a lot of people who think, 'Oh my God, I could never do it.' But I think that running is all mental."

Dorothy and Michael have repeatedly put this mantra to the test, participating in Warrior Dashes, the Walk For Hunger, and all manner of difficult races and events. They have even more planned for the year ahead, and both maintain a hope of one day participating in the Boston Marathon.

For Dorothy, the pull towards such events is simple.

"I just like it," she laughed. "I love to run."

## Annual Steps2Cure run/walk event this Sunday

On Sunday, October 19, at beautiful Lake Quannapowitt in Wakefield, NF Northeast will host the Eighth Annual Steps2Cure NF Run/Walk to benefit research towards Neurofibromatosis.

Neurofibromatosis is a genetic disorder of the nervous system that causes tumors to form on the nerves anywhere on the body at any time. NF affects more people than Cystic Fibrosis and Muscular Dystrophy combined, roughly one in every 2,500 births. It is a progressive disorder that affects all races and sexes equally and may be associated with deafness, vision impairment, epilepsy learning disabilities, bone abnormalities and cancer.

Proceeds from Steps2Cure

NF will support NF the programs of NF Northeast. Their mission is to find a treatment and cure for neurofibromatosis by promoting scientific research, creating awareness and supporting those who are affected by NF.

The Steps2Cure event itself promises to be a fun filled day for the entire family with proceeds going to a very worthy cause. The day will feature three different events, including a walk around Lake Quannapowitt, an officially timed 5k road race, as well as the ever popular Kids Dash.

The Kids Dash will begin at 1:15 pm, followed by the walk which begins at 1:40 pm and finally the 5k race which begins at 2:00. Registration for the day of the event begins at 12:30 pm,

with a fee of \$30, but for those who register prior to October 17, the registration fee is only \$20, which includes a free T-Shirt. Runners and walkers aged 6-17 can register for just \$15 prior to October, while those under six are free.

To register online, please go to [www.nfincne.org/events/-event/steps2cure-nf-walk-and-road-race](http://www.nfincne.org/events/-event/steps2cure-nf-walk-and-road-race), or simply go to [nfincne.org](http://nfincne.org) and follow the links for the run/walk.

You can also go to the web site to get involved as a fundraiser for the event. All participants who raise \$75 or more will be able to waive their registration fee and those who raise \$300 or more will be entered into a raffle to win a Kindle.

Many participants will choose to enter as a team,

and the team that raises the most money will get a 10 person pizza party at Prince Pizza in Saugus.

There will be much more going on the day of the event than just the run/walk, as there will be raffles with lots of great prizes, refreshments, an appearance by Bagels the Clown, a magician, face painting as well as Runners Awards. There is also a beautiful playground for the children, as well as a Halloween Treat Trail, with candy and novelties at stops along the way.

The master of ceremonies for the event will be legendary Boston TV personality Kelly Tuthill.

Last year over 400 people took part in the event and NF Northeast is looking forward to an even larger turnout this year.

# Wilmington Youth Hockey Recaps

FROM PAGE SP 7W

Sanborn again got the first goal of the game.

A late penalty on Wilmington went by without any score, and the second period played out with no goals or penalties.

In the third period, the Wildcats quickly moved into the offensive zone with the line of Joseph Hartzell, Joseph Hansen, and Colin Gates passing the puck well and forcing the Cyclones' goalie to freeze the puck.

On the faceoff, Joseph Hartzell at center got to the loose puck and his shot through traffic went in on the short side for an important insurance goal in the tight game.

A series of penalties in the middle of the final frame saw the Wildcats shorthanded for a stretch, and then a segment of four on four play with both teams having a player in the box.

In one of the more exciting plays, Jason Davey and Jake Glinner couldn't capitalize on a 2-on-1 rush. Wilmington

was called for a penalty with only eight seconds remaining, and the Cyclones spoiled Max Churchill's shutout with a fluke bounce off the face-off. The 2-1 victory for Wilmington was another solid team effort.

### Squirt 4

The Wilmington Youth Hockey Squirt 4's had a big weekend, coming out on top in a pair of blowout victories, with a 14-0 victory over the Tri-Valley Outlaws on Saturday before pulling away from Acton-Boxboro for a 7-2 victory on Sunday.

With the two wins the Wildcats have now won three in a row and are now 5-2 on the season.

In the 14-0 win over the Outlaws, the Wildcats were led on offense by a pair of outstanding performances from Jordan Legere and Bobby Dodge, with Legere notching a hat trick and Dodge scoring four goals and also adding an assist.

There were many other offensive stars for the Wildcats with Shane Costello scoring his first two goals of the season, while also adding two assists and Jack Seibel adding a pair of goals of his own as well as a pair of assists.

Nick Spencer, Dylan Mullarky and Zach Weinstein each added solo tallies for the Wildcats, with Weinstein lighting the lamp for the first time this season.

Sean O'Donaghue added a pair of assists for the Wildcats as did Mullarky, while forward Adam Ippolito was denied on some scoring opportunities by a pair of fine stops by the Outlaws goalie.

Defensively, the Wildcats got outstanding efforts from Seibel, O'Donaghue, Brett Gallucci and Aadarssh Sivakumar.

Goaltender Jake McLean was not tested as much as he has been in some games, but he came up with the big

save when he needed to for the Wildcats.

Wilmington led 4-0 after the first period and 11-0 after the second.

The next day's matchup with Acton-Boxboro promised to be a much more difficult matchup for the Wildcats as their opponents brought a 5-1 record into the contest. For a while that certainly held true as AB went out to a 1-0 lead with 4:59 left in the first period, but Jack Seibel tied the game less than two minutes later with a great rush up the ice and a great move on the goalie to make it 1-1 and that is where the score still stood at the end of the first period.

Wilmington would take control in the second period, scoring four goals to take a 5-2 lead at the end of two. Jordan Legere would get the scoring started with 7:45 left in the period, with the first of his four goals on the game, and Shane Costello followed up 30 seconds later with his third goal of the weekend to make it 3-1 with an assist going to Bobby Dodge.

After Acton-Boxboro closed to within 3-2, Dodge quickly responded to restore Wilmington's two goal lead with 2:59 left in the period. Legere's second of the game 21 seconds later gave the Wildcats a comfortable 5-2 advantage.

Legere would add two more goals in the third period, giving him seven for the weekend, scoring twice within 27 seconds, with assists on the goals going to Sean O'Donaghue and Aadarssh Sivakumar.

After not being tested much in the win over the Outlaws on Saturday, McLean was severely tested in this one and was more than equal to the task, making several great saves to allow the Wildcats to pull away against their talented opponents.

# Many locals take part in two big road races

By **BRENDAN FOLEY**

It may have been a holiday weekend, but Wilmington and Tewksbury residents were out in force at multiple races, in Boston. Dozens poured out for both the annual B.A.A. Half Marathon, and the Tufts Health Plan 10K for Women, a huge swath of both Wilmington and Tewksbury heading out to prove how much both communities invest in both physical excellence and charitable causes.

The B.A.A. Half Marathon was held on Sunday and saw thousands of participants from around the globe. The race is held as a fundraiser for the Jimmy Fund and the Dana-Farber Cancer Institute, with a course that winds its way through the scenic Emerald Necklace of Boston and Brookline. Founded in 2001, the Half Marathon has proven to be a major draw for serious runners throughout the United States and from across the world.

The highest placing Wilmington finisher was Alessandra Lyman, who finished 224th overall with a time of 1:30:34. She was followed by Anthony Carriere, who finished 436th with a time of 1:36:14. Moments later, Katie Halas made it across the line, with a final time of 1:38:15. Halas placed 559th overall.

The first Tewksbury finisher was Brian Schmitt, finishing the race at 638th with a time of 1:39:26. Schmitt was followed by Linda Jennings, also of Tewksbury, who closed out her run with a time of 1:40:05.

The Tufts Health Plan 10K for Women has a historic background, originating in 1977 as the Bonne Bell Mini Marathon. The race has routinely been designated as the largest women-only races in the country, and has been reported to draw around 20,000 spectators.

Tewksbury running mainstay Trish Bourne put up a spectacular showing, finishing 79th overall with a final time of 40:13. She was closely followed by Wilmington's Simonetta Piergentili, who finished 103rd with a time of 41:44. ## Girls Under 9-2 soccer team enjoys win

The Wilmington Girls Under 9-2 youth travel soccer team played an exciting game Saturday against Melrose. After a scoreless first half the home team girls came together to win 2-0 with spectacular goals scored by Alexia Engvaldsen and Nicole Morello.

The Wildcat offensive attack was led by: Patricia Stevens, Paige Fuller, Emma Flynn, and Madelynne Sainato.

The Melrose offense fought hard but could not match the defensive talent of Molly Walsh, Keira Rice, Lauryn Parr, Lindsay Anthony and Jessica Martinson. Amazing goalkeeping skills by Wilmington keepers Patricia Stevens, Emma Flynn, Nicole Morello, Madelynne Sainato and Lindsay Anthony.

This win puts the team at the top of the Middlesex Soccer League standings.

## Wilmington Mite 3's take on AB

The Wilmington Mite 3 team lost a hard fought battle to the first place Acton-Boxboro Mite 1s this past Sunday in Tewksbury.

Nick DiGiovanni started of the scoring for the Wildcats with his first of two goals for the day but Acton-Boxboro came right back to answer with a goal of their own. From there, the scoring went back and forth with goals from Nolan Joyce, Derek Perault, Megan Mullarky and Lily MacKenzie netting two of her own.

Each time the 'Cats gained the lead, Acton-Boxboro always found a way to answer back. It seemed as though this game was destined to end in a tie.

However, despite Matt Driscoll's fantastic play in net for the Cats and his 26 saves, Acton-Boxboro was able to mount a late game charge and take command in the final minutes. Despite the loss, the 'Cats still hold a 2-2 record coming out of the parity round.

## The basics of the state ballot questions

### Voters set to decide fate of Gas Tax, Bottle Bill, Gaming and Earned Sick Time

By PAUL FEELY

When voters head to the polls on November 4, they will be faced with four statewide ballot questions, along with races for governor, state and federal offices.

This week, Middlesex East Publications presents a look at the four ballot questions. Each section below includes the wording of each question, a summary of exactly what the question involves, and brief summaries arguing for and against passage of each question. For more information, to volunteer, or to sponsor contact Joanne

Nolin at 781-909-7402 or jnolin@ymcaboston.org. To

register online visit the Burbank YMCA website at ymcaboston.org/Burbank.

Middlesex East Publications is not taking a position on any of the questions at this time.

#### QUESTION 1: Eliminating Gas Tax Indexing

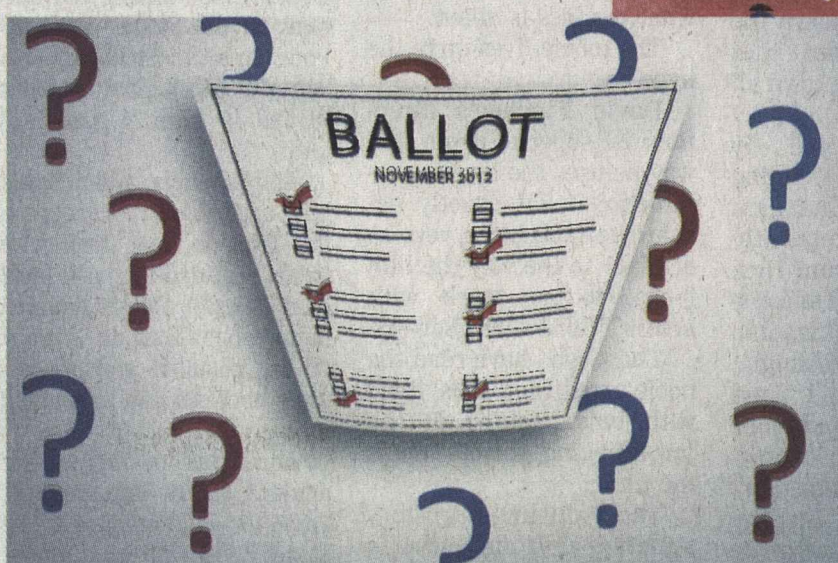

Law Proposed by Initiative Petition

#### SUMMARY OF QUESTION

This proposed law would eliminate the requirement that the state's gasoline tax, which was 24 cents per gallon as of September 2013, be adjusted every year by the percentage change in the Consumer Price Index over the preceding year, but not be adjusted below 21.5 cents per gallon.

A YES vote would eliminate the requirement that the state's gas tax be adjusted annually based on the Consumer Price Index.

A NO vote would make no

change in the laws regarding the gas tax.

#### ARGUMENTS

**IN FAVOR:** Voting yes stops linking the gas tax to inflation. The current linkage between the two causes the tax to increase every year without a vote of the Legislature.

This initiative cuts no money for bridge or road repair.

**AGAINST:** Opponents claim Question One threatens the safety of Massachusetts' roads and bridges. According to the Federal Highway Administration, 53% of all bridges in the state are either structurally deficient or functionally obsolete. Potholes and bad roads cost Massachusetts residents \$2.3 billion a year in car repairs.

If passed by voters, this law would take effect January

1, 2015.

#### QUESTION 2: Expanding the Beverage Container Deposit Law

Law Proposed by Initiative Petition

#### SUMMARY OF QUESTION

This proposed law would expand the state's beverage container deposit law, also known as the Bottle Bill, to require deposits on containers for all non-alcoholic non-carbonated drinks in liquid form intended for human consumption, except beverages primarily derived from dairy products, infant formula, and FDA approved medicines. The proposed law would not cover containers made of paper-based biodegradable material and aseptic multi-material packages such as juice boxes or pouches.

The proposed law would require the state's Secretary of Energy and Environmental Affairs to adjust the container deposit amount every five years to reflect (to the nearest whole cent) changes in the consumer price index. The value could not be set below five cents.

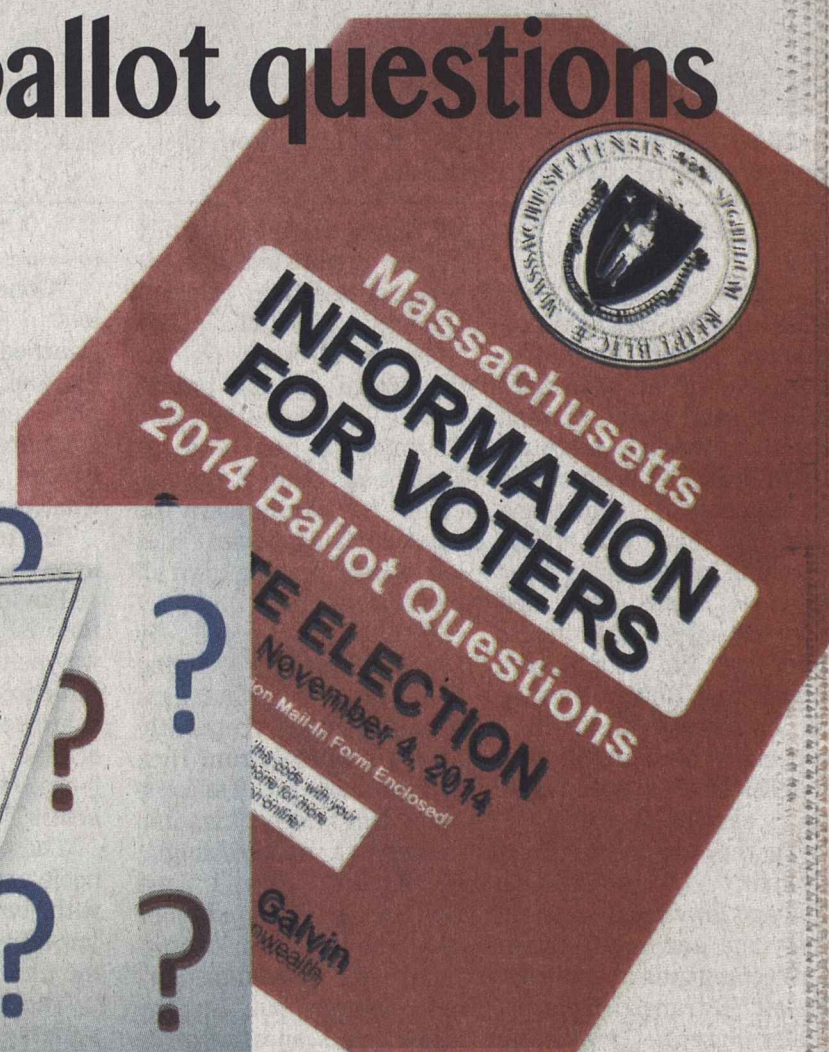

The proposed law would increase the minimum handling fee that beverage distributors must pay dealers for each properly returned empty beverage container, which was 2 1/4 cents as of September 2013, to 3 1/2 cents. It would also increase the minimum handling fee that bottlers must pay distributors and dealers for each properly returned empty reusable beverage container, which was 1 cent as of September 2013, to 3 1/2 cents. EEA would review the fee amounts every five

years and make appropriate adjustments to reflect changes in the consumer price index as well as changes in the costs incurred by redemption centers. The proposed law defines a redemption center as any business whose primary purpose is the redemption of beverage containers and that is not ancillary to any other business.

The proposed law would direct EEA to issue regulations allowing small dealers

to seek exemptions from accepting empty deposit containers, and define a small dealer as any person or business, including the operator of a vending machine, who sells beverages in beverage containers to consumers, with a contiguous retail space of 3,000 square feet or less, excluding office and stock room space; and fewer than four locations under the same

Ballot to S-4

## Movie Reviews

### "The Judge"

by Paul Feely

THE FREQUENTLY OVERRIPE WRITING from Nick Schenk and Bill Dubuque often drag proceedings into melodrama and nostalgia.

#### "THE JUDGE"

\*\*\*

Highly watchable, and with an A-list cast and production values to match, this tale of an estranged father and son coming together through a courtroom drama is undermined by moments of cuteness and nostalgia - the plot always reaching for the perfect way to close every scene and tidy up every character's story arc. But with Robert Duvall and Robert Downey Jr. in charismatic form - especially in some of their toughest scenes - it's a fault that's easy to forgive.

Downey Jr. plays Hank Palmer, a smart-arse Chicago lawyer with a failed marriage and a reputation for keeping guilty people out of jail. Estranged from his father Joseph (Duvall) he returns home to small-town Indiana when his mother dies, intent on getting back to the city as quickly as possible. But when his father - who has been the local judge for 42 years - is involved in a hit and run car accident, Hank has little option but to stay and help out, even if his dad - known to all as "Judge" - seems determined to shun all assistance offered. To add more emotional spice to the plot, Hank runs into former girlfriend Samantha (Vera

Farmiga), and has family history to sort out with his two brothers Glen (Vincent D'Onofrio) and Dale (Jeremy Strong). As the courtroom drama pumps away - with Billy Bob Thornton in great form as Dwight Dickham the prosecutor - we slowly learn the various back-stories that led to Hank leaving town all those years ago.

Skillfully directed by David Dobkin (Wedding Crashers, Shanghai Knights) the frequently overripe writing from Nick Schenk and Bill Dubuque often drag proceedings into melodrama and nostalgia. Fortunately Duvall and Downey Jr. demand your constant attention, sometimes with individual magnetic power but, in the film's best scenes, with the chemistry they find as confrontational and unforgiving characters forced to concede their love for each other. D'Onofrio adds a quietly powerful force to the story as the loyal older brother who's never left town nor said a bad word against Hank, despite having good reason to hold a grudge. With a little less deliberate tidiness - and a tighter running time - this could have been an extraordinary film. But the great cast make it worth the watch.

#### "GONE GIRL"

\*\*\*

"Gone Girl" arrives with lots of expectations attached to it, from fans of the book wondering how the film version can possibly compare, to those who haven't read it wondering what the fuss is about.

The movie lives up to the hype.

David Fincher's direction is superb. From the way he uses the book's construction - not exactly he-said/she-said, but a version of that - to the way the film looks, to his work with actors, "Gone Girl" delivers.

Those who have read the book know that it is filled with twists, some of the jaw-dropping variety. So is the film.

The dueling-narrators structure of Flynn's novel is so key to its appeal that it's difficult to imagine the story succeeding without constant access to the inner thoughts of married couple Nick Dunne (Ben Affleck) and Amy Elliott Dunne (Rosamund Pike), but Fincher and Flynn pull it off pretty well with only minimal use of voiceover. The movie starts with Nick's perspective, as he returns to his suburban Missouri tract home to discover Amy missing, signs of a struggle left in the living room. He calls the cops himself, but it's not long before he becomes the chief suspect in his wife's disappearance and possible murder, and the center of a media firestorm.

After Amy's diary entries fill in some of the details on the couple's early days, she gets to tell her own side of the story, and it casts the first hour of the movie in a whole new light. The success of the story hinges on the big mid-film twist, and it comes off as less infuriating here than it did in Flynn's novel. Details that were belabored in the book are instead dispatched quickly, so that Fincher can linger on Pike's masterful

performance. The movie relies on Pike to sell Amy's complicated, multilayered personality, and she skillfully conveys how this woman is constantly thinking two steps ahead of everyone around her, almost never letting her interior thoughts and feelings show on the surface.

Although Affleck is well-cast as the sometimes-boorish pretty boy, Pike consistently outshines him, with Carrie Coon (as Nick's pragmatic twin sister Margo) and Kim Dickens (as world-weary Det. Rhonda Boney) the stand-outs in the supporting cast.

## At the Middlesex Fells

### Enjoy fall evening hikes on Thursday nights in October

Enjoy breathtaking skies to remember! Gather for an homage to nature that gives cause to pause - The Ending Rays of the Day on three Thursdays this October.

October 16 Bear Hill Tower - Meet at Gate 20 on Fallon Road in Stoneham. Bear Hill Tower was originally built by the Appalachian Mountain Club and replaced in 1910. The 8/10 mile walk/round trip traverses terrain which includes tree roots, stone steps and rock outcrops that pose a trip hazard. But the 360 degree view from the top is well worth climbing the 69 spiral steps!

October 23 Wright's Tower - Meet at Gate 5, Bellevue Pond on South Border Rd off Roosevelt Circle Medford (exit 33 off Rt 93). Wright's Tower is named for an early advocate for the preservation of the "Five Mile Wood". Enjoy views and a breeze after a ½ mile hike over moderate terrain. Stairs are steep and may be slippery.

October 30 Frank Taylor Memorial Soap Box Derby Track - Meet at the Sheepfold main parking, Fellsway West (Rt. 28) Stoneham, 1 mile north of Elm St, Medford. Soap Box Derby Track is within the 10 acres of open field known as the Sheepfold. The early 1950s artifact testifies to the Depression born race. We will climb the thousand feet of Track to watch the sky color with sunset hues. Be aware the destination is within a heavily used off leash dog park.

Children must be accompanied by an adult. Steady rain cancels. Suggest long sleeves, long pants, socks and sturdy footwear, insect repellent, drinking water.

HEAD LINES, STATUE, LIMITATIONS, AND HALLOWED GROUND

Please check your local "Daily Times Chronicle" for daily updates.

### ANOTHER SHURE THING (BURLINGTON/ WILMINGTON/WOBURN)

Be sure to check the current news for the outcome of ... "The CBS national report focused on it ...," notes the Woburn edition of the "Daily Times Chronicle."

"Boston newspapers and magazines are also commenting (and guessing) on it.

"Now, the focus has turned to Woburn and Skylight Studios on Salem Street at a site opposite the south side of Woodbrook Cemetery.

"Sculptor Robert Shure of Wilmington is no stranger to being put in the regional, state or national news but this time his works contain a little bit of mystery that has piqued the curiosity of historians and

the public.

"A lion and unicorn that sat atop the Old State House in Boston in the Faneuil Hall area are now at his Woburn facility for some general rehabilitation work. He has done it before, as indicated in a 1990 "Daily Times Chronicle" story. This time, however, the mystery involves the possibility of a time capsule inside the head of the lion in a box, as shown on some scanning efforts.

"A fiber optics camera was used locally to discover the box.

"The lion, for example, is hollow and made of copper but experts say it weights about 200 pounds. Shure's task is to apply gold and silver paint to the lion and also to paint the unicorn.

"The Bostonian Society has embarked on this multifaceted preservation project on the Old State House ...

"The lion, for example,

sits nicely now in a see-through wooden enclosure at Skylight Studios, as does the unicorn.

"Shure, a former Winnmere in Burlington resident and now of Wilmington, has looked many times at the head area in recent days but has yet to share his thoughts on a plan on how to delicately remove the head...."

### JOURNEYS OF NOTE (WAKEFIELD)

"A romantic Mediterranean Cruise and a nostalgic Hollywood tour are two of the four musical journeys of the 2014-15 Season of the Standing Room Only concert series in Wakefield," notes the Wakefield edition of the "Daily Times Chronicle."

"Also promising both geographical and emotional destinations are an exalting Celestial Christmas concert and an upbeat season finale of international dance music. A limited number of subscription seats are still available...

"The Season Premiere on October 18, Music at the Movies, features the prodigious talents of improvisational pianist Robert Humphreville accompanying a rare performance of Charlie Chaplin's silent masterpiece, 'The Kid' ...

"Because of the limited number of seats, Season subscriptions are best ordered by credit card with a phone call to 339-203.9366. Or you can order by mail (check to "Wakefield UU Church") sent to SRO/Wakefield UU Church, PO Box 529, Wakefield, MA 01880. To have a season brochure mailed, please call 339-203-9366 or visit [www.sroconcerts.org](http://www.sroconcerts.org)."

### SAFETY FIRST (TEWKSBURY)

"The Tewksbury Police Department, in cooperation with Merrimack Valley Pavilion (MVP), will be hosting the 16th Annual Community Safe Halloween on Sunday, Oct. 26, from 10AM to 1PM at MVP, 2087 Main Street," notes the Tewksbury "Town Crier."

"There will be games for the children to play, face painting, safety demonstrations, as well as arts and craft tables courtesy of the Tewksbury Public Schools, Tewksbury Fire Department, Tewksbury Public Library, Tewksbury Credit Union, Texas Roadhouse, Donna's Donuts, Perfecto's, Blair House, RTN Credit Union, Hannaford, Community Teamwork, Girl Scouts, Lowell General Hospital, and Tewksbury Rail Trails."

"In addition to the above activities, there will be a touch a truck courtesy of MetLife, Tewksbury Transit, Tewksbury Department of Public Works, and Tewksbury Country Club, a costume contest, a police K9 dog show, and entertainment thanks to Dance Expressions and DJ Jaryd Palmer.

"In case of rain, a smaller version of the event will take place inside MVP."

"For more information or to get involved, please contact Officer Jennie Welch at (978)851-7373, Ext 230...."

## •MIDDLESEX EAST SPORTS WEEKLY TRIVIA:

The decathlon consists of ten events, six of which are running and jumping; the other four make use of physical objects. What are they?

Answer appears elsewhere in this column.

•Meg Carroll (Mansfield, Mass.) scored with 9:04 remaining in regulation to lift the University of New Hampshire field hockey team to a 3-2 victory against Fairfield University at University Field.

UNH improved to 3-8 overall and 1-0 in America East by winning its 11th consecutive conference game dating back to the 2012 season. Fairfield is now 4-8 overall, 0-1 in America East and 0-10 lifetime against New Hampshire.

With the game tied 2-2, the Wildcats converted their 10th penalty corner of the game into the game-winning tally at 60:56. Meg Flatley (Townsend, Mass.) initiated the scoring sequence with the insert and the initial shot by Ashley Mendonca (Brampton, Ontario) was stopped by Fairfield goalie Caitlin Bennett. Carroll scored off the rebound, however, to put the 'Cats back in front to stay.

Flatley finished the game with one goal and an assist and Lindsey Nerbonne (Bow, N.H.) scored UNH's other goal. Mendonca, although not credited with her first career point, did record a defensive save - her second of the season - in the fourth minute of the game. **CARLIE TARBELL (WAKEFIELD, MASS.)** recorded eight of her nine saves in the first half.

Bennett made 11 of her 16 saves in the first half and Felicitas Heinen was credited with a defensive save. Ann Burgoyne scored both of the Stags' goals.

"I was very pleased with the pressure we put on them," 24th-year head coach Robin Balducci said. "We really settled in and played well. We put it together. Today we had the possession game and peppered the goalie with shots."

Fairfield opened the game strong in the opening seven minutes with four shots - three of which were turned aside by Tarbell and the other was swept away from the cage by Mendonca - and a penalty corner.

The tables turned the next seven minutes, however, with UNH tallying seven shots and four corners.

Nerbonne was denied by Bennett at 8:20 and again off a corner at 9:05. The Wildcats pressured again and generated another corner at 11:45. This time Bennett blocked the shot off the stick of Mendonca and then she made stops against Nerbonne and Emma Compagna (Canton, Mass.). UNH was awarded another corner, however, and for the fourth time in as many minutes, Bennett recorded a

save against Nerbonne.

Fairfield threatened again but Tarbell denied the bid by Julie de Paeuw.

UNH quickly transformed a one-goal deficit into a 2-1 lead on goals 2:30 apart by Nerbonne and Flatley.

The Stags pressured in the closing minute of the first half with Tarbell denying Burgoyne and then Laginja on an untimed penalty corner.

## Ballot

From S-1

ownership in the state. The proposed law would require that the regulations consider at least the health, safety, and convenience of the public, including the distribution of dealers and redemption centers by population or by distance or both.

The proposed law would allow a dealer, distributor, redemption center or bottler to refuse to accept any beverage container that is not marked as being refundable in Massachusetts.

If passed by voters, the proposed law would take effect on April 22, 2015.

Opponents argue that because 90 percent of households in the state now have access to curbside and community recycling programs, expanded forced deposits are the wrong approach.

QUESTION 3: Expanding Prohibitions on Gaming

Law Proposed by Initiative Petition

SUMMARY OF QUESTION

This proposed law would prohibit the Massachusetts Gaming Commission from issuing any license for a casino or other gaming establishment with table games and slot machines, or any license for a gaming establishment with slot machines; prohibit any such casino or slots gaming under any such licenses that the Commission might have issued before the proposed law took effect; and prohibit wagering on the simulcasting of live greyhound races.

The proposed law would change the definition of "illegal gaming" under Massachusetts law to include wagering on the simulcasting of live greyhound races, as well as table games and slot machines at Commission-licensed casinos, and slot machines at other Commission-licensed gaming establishments. This would make those types of gaming

subject to existing state laws providing criminal penalties for, or otherwise regulating or prohibiting, activities involving illegal gaming.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES vote would prohibit casinos, any gaming establishment with slot machines, and wagering on simulcast greyhound races.

A NO vote makes no change in the current laws regarding gaming.

## ARGUMENTS

As provided by law, the 150-word arguments are written by proponents and opponents of each question, and reflect their opinions. The Commonwealth of Massachusetts does not endorse these arguments, and does not certify the truth or accuracy of any statement made in these arguments. The names of the individuals and organizations who wrote each argument, and any written comments by others about each argument, are on file in the Office of the Secretary of the Commonwealth.

QUESTION 4: Earned Sick Time for Employees

Law Proposed by Initiative Petition

SUMMARY OF QUESTION

This proposed law would entitle employees in Massachusetts to earn and use sick time according to certain conditions.

Employees who work for employers having eleven or more employees could earn and use up to 40 hours of paid sick time per calendar year, while employees working for smaller employers could earn and use up to 40 hours of unpaid sick time per calendar year.

### Crescent Jalapeño Poppers

Sharp Cheddar cheese is the rich, delicious filling for these spicy favorites! They are baked rather than deep fried. You'll want to pop them down one after another!

1) Heat oven to 375°F. Carefully remove stems from chiles; cut each in half lengthwise and again horizontally to make 4 pieces. Remove and discard seeds. Spoon about 1 teaspoon cheese into each chile quarter. Wrap half slice of bacon around each.

Place chile, cheese side down, on dough triangle. Fold 1 point of triangle over filling; fold 2 remaining points over first point. Place on ungreased cookie sheet.

3) Bake 12 to 15 minutes or until golden brown. Immediately remove from cookie sheet. Serve with salsa.

# 27th Feaster Five Road Race

Registration for the Thanksgiving Day Feaster Five Road Race Nov. 27 - one of New England's largest and most festive running events - is underway at [www.feasterfive.com](http://www.feasterfive.com).

"We are at double the rate of the record breaking 2014 field, so runners should sign up soon to take advantage of the early registration discount," said Tom Licciardello of the Merrimack Valley Striders. The first 9,000 registrants will also be guaranteed a long sleeved tech t-shirt.

Race Director Dave McGillivray of DMSE Sports, who also directs the B.A.A. Boston Marathon, New Balance Falmouth Road Race and TD Beach to Beacon 10K in Maine, also advises runners to sign up soon to secure a spot at the starting line for either the 5-mile or 5K.

"The Feaster Five is a popular, family-friendly event, and the field grows each year," said McGillivray. "So we are urging runners to sign up early in case we reach our limit."

Race officials took 10,616 registrations in 2013, which resulted in a record setting number of runners crossing the finish line.

The Feaster Five is a Thanksgiving Day tradition for a growing number of families and groups of friends across the region. The mood is festive and every race finisher goes home with an old-fashioned apple pie provided by Table Talk, a long-time New England favorite.

Hosted by the Merrimack Valley Striders and managed by DMSE Sports, the Feaster Five Road Race's 5-mile and 5K races will begin at 8:30 a.m. and the Kid's Fun Run at 7:45 a.m. on Thanksgiving Day. All three races - which welcome walkers as well - begin near Brickstone Square on Main St. in Andover at the corner of Route 133 and Route 28. Proceeds from the race will benefit the Merrimack Valley YMCA, Challenge Unlimited at Ironstone Farm, Bellesini Academy and the Merrimack Valley Striders.

The Feaster Five also features bands and music along the course, digital clocks posted at each mile, holiday refreshments after the race and, of course, a traditional Table Talk apple pie for all fin-

ishers.

The Feaster Five Expo - featuring a variety of sponsors and vendors - will be held from Nov. 24 to 27 at a new location this year - Merrimack College - in conjunction with on-site registration, bib number and t-shirt pick-up. To find more about the race and register go to their newly designed website at [www.FeasterFive.com](http://www.FeasterFive.com).

Among the VIPs expected this year are New England running legends Rick and Dick Hoyt, Joan Samuelson, and Bill Rodgers who will attend meet and greet opportunities at the Expo during race week.

Samuelson won gold in the first women's Olympic marathon 30 years ago in 1984 and remains a worldwide icon for women athletes; Rodgers is an Olympian and four-time winner of both the Boston Marathon and New York City Marathon.

Sponsors this year include Eagle-Tribune Publishing, Table Talk Pies, Bagel Boy, Whirlaway Sports Center, Dunkin Donuts, Wignall Animal Hospital, GW & Wade, Holy Family Hospital, Tallman Eye, Acquia, BNY Mellon, Woodworth Motors, Andover Rotary Club, Brickstone Square, Costa Fruit, Fuddruckers, Dick's Sporting Goods, Burton's Grill, Cape Cod Chips, Seacoast Coca Cola, Smolak Farms, Align Credit Union, Tactician, Off-Season Sports, MFA, Orange Leaf, Food Should Taste Good and Larabar. To become a sponsor, contact [dmse@dmseports.com](mailto:dmse@dmseports.com).

The Merrimack Valley Striders, a non-profit organization, was founded in 1979 to encourage and enhance running at all levels - from beginners to seasoned marathoners to members who run to improve their health. Though founded in the Merrimack Valley north of Boston, the running club has members from as far away as Florida and Arizona. For additional information, visit [www.mvstruns.com](http://www.mvstruns.com).

Volunteers also are needed. Detailed information about how to sign up to help on race day can be found on the volunteer page at [www.feasterfive.com/Volunteer](http://www.feasterfive.com/Volunteer) or by e-mailing Crissy Licciardello at [crissyL26@yahoo.com](mailto:crissyL26@yahoo.com).

## Register for the Zombie Run!

The Tewksbury Rotary Club, in partnership with the Tewksbury Events Committee, is sponsoring a Zombie Run on Sunday, October 19, 2014 at Tewksbury Memorial High School. Registration is open through RaceWire. Get your friends together and get ready to run!

Registration is \$25 per runner/walker, but pre-register before October 1 and pay just \$20. The first 200 registrants also receive free 'I survived the Tewksbury Zombie Apocalypse' T-shirts.

With this fast, flat route, the course makes a perfect first 5K, or 500th. Walkers are more than welcome too!

REGISTER NOW on RaceWire at: [tewksburyzombierun.racewire.com](http://tewksburyzombierun.racewire.com)

Following the race, invite your non-running/walking family members to join in the fun with a hearty Pancake Breakfast - pancakes, scrambled eggs, bacon, sausage, cof-

fee, tea, juice. Just \$5 per person, sponsored by the Tewksbury Public Events and Celebrations Committee.

Wear your costume and participate in our costume contest. A kids costume contest will also occur after the race during the pancake breakfast.

The proceeds from the run will benefit Tewksbury students through scholarships.

Tewksbury Rotary Club has a proud tradition in the community, raising money for student scholarships through our annual Taste of the Town event at the Tewksbury Country Club. In ten years the club has awarded more than \$100,000 in scholarships. The Rotary club brings together business and professional leaders who provide humanitarian service, encourage high ethical standards in all vocations, and help build goodwill and peace in the world.

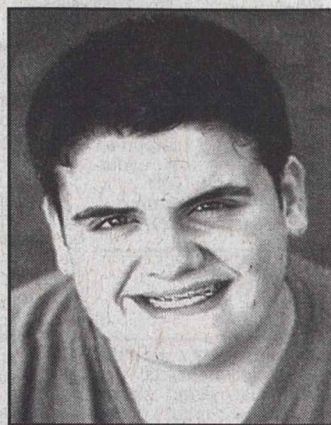

## Austin student stars in "The Addams Family"

He's neither creepy, nor kooky, nor mysterious and spooky, but Phillip Dragone of Stoneham will pretend to be for the next three weeks.

The 15-year-old stars as Pugsley in the Stoneham Theatre's upcoming production of "The Addams Family - A New Musical."

The show runs from Oct. 16 through Nov. 9. Gomez and Morticia Addams couldn't be prouder of their creepy and kooky family. But when their delightfully sinister daughter, Wednesday, falls in love with a perfectly normal boy and invites his parents over for dinner, nothing will ever be the same. Just in time for Halloween, all our favorite characters from the Addams Family come to life in this wonderfully wacky new Broadway musical comedy.

Phillip, a sophomore at Austin Preparatory School in Reading, said he is ready for the challenge of staging 22 performances in just over three weeks. He is starring as Lord Farquaad in Austin Prep's production of "Shrek the Musical" on Nov. 21 and Nov. 22 at 7 p.m. Tickets are \$10 at the door, and children under age 6 are free.

a gas fireplace graces the exterior wall. A wide passageway at the rear flows into the dining room.

That opening also runs past a raised pass-through counter that fronts the kitchen sink. The counter then segues into an eating bar that bounds part of the dining room. A large skylight brightens the kitchen, which has counters on three sides. Laundry appliances and a roomy pantry are mere steps away. The utility room offers direct access to a covered patio, which can also be reached through the dining room's double doors.

In the bedroom wing, a vaulted ceiling expands the owners' suite. It boasts a his-and-hers walk-in closet, a pri-

vate sitting area, and a bathroom with a dual vanity. Two more nearby bedrooms share another bathroom.

A covered walkway links the main house to the guest cottage and three-car garage. The Ardella's guest cottage has its own covered porch. One door there leads into the garage, and another opens into the cottage's great room. An eating

nook and kitchen are at the rear of this open space, while a bathroom and two bedrooms are off to the left. The larger bedroom has a walk-in closet.

\$200,000 to \$300,000 on Dec. 11.

The actress died last December in her home in Carmel, California, at age 96.

The entire proceeds will benefit the Society for the Prevention of Cruelty to Animals in Monterey, California, the auction house said. Fontaine was a big supporter of the SPCA, adopting three of her dogs—Kita, Fang IV, and Samantha — from the organization.

Fontaine appeared in more than 30 movies. She gained stardom in 1940 in Hitchcock's

"Rebecca," which won the Academy Award for best picture and earned Fontaine the first of her three Oscar nominations.

Three of the auctions will be held in New York between November and January.

Among other highlights is a 1935 painting by Marc Chagall, "Vase of Flowers in the Window," which could bring \$400,000 to \$600,000 on Nov. 6.

A set of turquoise-and-cultured pearl "twist" jewelry by Van Cleef & Arpels will be offered in a Jan. 13 sale for an estimated \$4,000 to \$6,000.

A single painting from her home, "Chrysanthemums in a Vase" by Lin Fengmian, will be offered in November at Christie's Hong Kong sale of Chinese modern paintings. It has a pre-sale estimate of up to \$250,000.

Fontaine, who also made New York her home for 25 years, was the sister of another Hollywood legend, Olivia de Havilland.

## This week's Sampler: Ardella

## Could house two families

The Ardella is a uniquely versatile and multi-faceted home. Technically, it's a single-story ranch-style plan, but the custom brickwork that covers the front façade gives it a much more traditional appearance. What's more, it could be viewed as either a five-bedroom home with excellent separation of space, or a three-bedroom home with a linked mother-in-law unit behind.

Raised brick detailing highlights both the chimney and the bold column that supports a gently arched entry porch. Inside, the bedroom wing is straight ahead. An arched opening on the left feeds into the vaulted living room, where

## Actress Joan Fontaine's property to be auctioned

NEW YORK (AP) — Items from the California home of Academy Award-winning actress Joan Fontaine, including her 1941 Oscar for best actress, are heading to the auction block.

The 104 lots of fine art, silver, lighting, furniture and jewelry are scheduled to be spread over four auctions and could realize more than \$1 million, Christies said Tuesday.

Her Oscar for her role as the timid wife in Alfred Hitchcock's "Suspicion" opposite Cary Grant could bring

UNIQUELY VERSATILE, THIS RANCH-STYLE PLAN CAN BE SEEN AS HAVING FIVE BEDROOMS, or as a three-bedroom home with a linked mother-in-law unit behind. A large skylight brightens the kitchen, which is partially open to both the dining room and vaulted living room. The covered porch that fronts the rear unit opens into a great room with a kitchen alcove.
